

Heineman Heads Commission To Study Income

Education, Social Security Aids Expanded

SAN ANTONIO, Tex., (AP) — President Johnson has signed into law bills greatly expanding Social Security benefits and federal aid to education—keystones of his Great Society legislative program.

He hailed the passage of the measures as triumphs for the nation's poor. But he had noth-

ing at all to say as he signed a third measure—the \$2.29-billion foreign aid bill—which imposes the sharpest dollar limit on total U.S. aid to other nations since the program began 20 years ago.

Johnson said the expansion of Social Security benefits is the "greatest step forward" since

the system was initiated during the Roosevelt administration in 1935.

The next phase, he said, calls for close scrutiny of America's welfare system which he branded "outmoded and in need of major change."

He appointed a 19-member commission to "examine any

and every plan, however unconventional, which could promise a constructive advance in meeting the income needs of the American people."

The President named Ben W. Heineman, 53, chairman and chief executive officer of the Chicago & North Western Railway Co., head the commission.

The education bill provides a record \$9.3 billion for elementary and secondary schools. The Social Security bill increases benefits by at least 13 per cent for 24 million persons.

Social Security checks going out in March will reflect the new increased benefits. Minimum monthly payments rise

from \$44 to \$55. The maximum will be \$160.50, compared to the present \$142. The average monthly check for husband and wife over 65 increases from \$145 to \$165.

"One million more people will be lifted above the poverty line," Johnson said, and 65,000 disabled widows and 175,000

children will receive benefits for the first time.

Medicare benefits are expanded to include additional days of hospitalization. Outside earnings of \$140 instead of \$125 a month are permitted with no reduction in benefits.

There will be additional taxes, though, for worker and employ-

er, amounting to as much as \$52.80 in 1968 on earnings of \$7,800 or more.

The new law keeps the tax rate at 4.4 per cent in 1968, but the amount of salary on which the tax is levied goes up from \$6,600 to \$7,800. Eventually, the tax rate will rise to 5.9 per cent by 1987.

Stiffer Riot, Bribe Fighting Urged By Panel

LANSING (AP)—The Governor's Crime Commission today recommended stiffening the state's riot laws and permitting police wiretapping in cases which involve organized crime or corrupt public officials.

The 57-member commission also called for initial appointment of all judges by the governor, a ban on military-type weapons such as machine guns, immunity from prosecution for witnesses, and a "vigorous attempt" to recruit Negro policemen.

The body, composed of lawyers, judges, professors, policemen and civic leaders appointed by Gov. George Romney, gave Acting Gov. William Milliken its final report, containing 25 recommendations.

GOP State Chairman John B. Martin is chairman of the group, officially known as the Michigan Commission on Crime, Delinquency and Criminal Administration.

At the head of the list were suggestions to deal with or head off racial disorders like those which swept Detroit and other Michigan cities last summer. The proposals included:

—Outlawing interference with an on-duty fireman and making it a felony to do so with a dangerous weapon.

—Giving mayors, sheriffs and the state police director authority to proclaim states of emergency and "temporarily impose reasonable . . . controls on traffic, public assembly, the sale of alcoholic beverages, weapons and inflammable materials."

—Outlawing possession of Molotov cocktails and other incendiaries.

—Creating and expanding "adequately staffed, well-financed intelligence units" in metropolitan police forces "as an assist toward detecting and preventing the activities of organized elements" who try to take advantage of civil disorder.

For a community faced with a budding riot, the commission recommends "the prompt mobilization of police manpower and immediate display of adequate force" as an approach which can prevent localized outbreaks from spreading beyond control.

Police eavesdropping was recommended only during investigations of organized criminal activity or corruption of public officials because those cases present "an overriding public consideration."

It should only be allowed, the commission said, "by certain judicial officers" when the prosecutor can show "that no other means are reasonably available whereby the necessary evidence may be obtained." Such a permit would be limited to 30 days.

Humphrey Tour Reaches Ghana

ACCRA, Ghana (AP) — Vice President Hubert H. Humphrey arriving in Accra today on the third leg of his African goodwill tour was welcomed by J. W. K. Hartley, deputy chairman of Ghana's ruling National Liberation Council.

Humphrey is the highest ranking American visitor to Ghana since the overthrow in February, 1966, of President Kwame Nkrumah, now living in exile in Guinea.

In his statement on arrival Humphrey said the Ghanaian people have good reason to be proud of their historic role in spearheading the African wave of independence.

"The people of Ghana can also be proud of their firm dedication to the principles of freedom and justice that enabled them two years ago to resume their course toward the destiny that independence originally opened for them," he added.

Humphrey said the people of the United States are proud of their contribution to "the enormous progress" in Africa.

U. S. HELICOPTER, dubbed the Jolly Green Giant, eases itself under the belly of a C130 Hercules tanker plane for fuel while on duty over the Gulf of Tonkin near the carrier Ranger on Yankee Station. The chopper is used to pick up downed pilots returning from raids over Vietnam. The converted C130 doubles as a tanker and a radar picket plane. (AP Wirephoto)

Heart Transplant Patient Doing 'Well', Greets Wife

CAPE TOWN, South Africa (AP) — Dr. Philip Blaiberg, the patient, was "doing very well" today, a hospital spokesman said. The 58-year-old retired dentist regained consciousness Tuesday night and in his first words since the operation said: "I am thirsty. Please give my regards to my wife."

The heart beating inside the white dentist's chest belonged to Clive Haupt, 24, a mulatto, but there was no objection from the chief defender of apartheid—South Africa's policy of racial segregation. Said Prime Minister Balthazar J. Vorster: "I am very glad to hear that the operation was successful."

Dr. Christian Barnard, who again headed the surgical team, reported that the operation Tuesday went as well as the epochal first transplant on Louis Washkansky and "perhaps a little better in that in this case we didn't have to shock the heart (electrically); it started by itself."

"In addition," he added, "the first time we stopped the heart-lung machine the circulation

took over. We didn't have to restart the heart-lung machine as we had to last time."

Barnard was cheered by a crowd of spectators and journalists when he came out of Groote Schuur Hospital, after the five-hour operation, and a number of persons shook his hand.

The young mulatto whose heart was used died of a brain hemorrhage after a stroke while playing rugby on nearby Fish Hoek Beach with his wife and friends.

After the operation on Washkansky Dec. 3, Haupt had told Stanley Gideon, a neighbor: "I think these transplants are a good thing." Looking tearfully across the street toward Haupt's home today, Gideon recalled: "Clive seemed very interested in the first heart transplant last month. Every day he followed Louis Washkansky's progress. When Mr. Washkansky died, Clive said it was a great pity and hoped that the next transplant patient would survive."

If Blaiberg is to survive, his body must accept Haupt's heart. Washkansky's body apparently had accepted the heart of 25-year-old Denise Ann Darvall, but he died of pneumonia 18 days after the transplant.

To lessen the body's normal tendency to reject foreign tis-

sue, drugs and cobalt treatment were used on Washkansky and these reduce the body's defense against infections such as the pneumonia that killed Washkansky.

Ten days ago Barnard commented: "I think we will use lower doses of drugs designed to combat rejection of the transplanted heart in the next case, and not be so panicky with any first evidence of rejection."

Mother Consents

The second human heart transplant was made Dec. 6 in Brooklyn, N.Y., when Dr. Adrian Kantrowitz took the heart of a dead infant to replace that of a dying baby. The baby lived only 6½ hours.

Blaiberg, reported "desperately ill" with coronary thrombosis, had waited three weeks for a suitable heart donor. Finding one was particularly difficult because the dentist had a rare type of blood, E-positive.

When it became clear that Haupt was dying, his wife of three months was told there was no hope for him. She collapsed, and Dr. Coert Venter, a member of the heart transplant team at Groote Schuur, asked Haupt's mother if she would consent to the transplant.

"If you can save someone else's life, you must remove my son's heart," she replied tearfully.

Gas Peril Keeps Dunreith Empty

DUNREITH, Ind. (AP) — Officials say the 236 residents of Dunreith will be allowed to return to their homes when a deadly chemical compound is removed from a tank car left battered but unbroken in the wreckage of two freight trains.

Two Pennsylvania trains sideswiped New Year's night, setting off a series of explosions in ammonia, gasoline and oil tankers, and forcing evacuation of the residents.

Blast-driven flames destroyed a cannery, service station and three homes. Windows were broken in a dozen other homes and businesses.

George Winburn, safety director of Rohan & Haas Chemical Co. of Louisville, Ky., said it would take 8 to 10 hours for the team of experts to transfer the lethal acetone cyanhydride to a tanker truck. The compound, used in making Plexiglas, produces cyanide gas when exposed to air.

Officials said the transfer may be complete by tonight. Many townspeople stayed with friends and relatives in other cities, while some were lodged in motels.

Winburn said he had hopes the compound had been consumed by flames, removing the danger of lethal fumes. "The worst thing that could have happened did happen," he said after finding the filled tank car unbroken.

State police said the same chemical had leaked from another car and seeped into nearby creek. They said nine head of cattle on the Everett Thompson farm a mile south of Dunreith died after drinking poisoned water.

Robert W. Heider of the State Board of Health said samples were being taken from the creek and Big Blue River, which it empties into, to determine how far the poison had spread. He emphasized that neither waterway is used for human consumption.

Peace Talk Prospect Called Unproductive

Cong Attacks Ring Da Nang; 19 Yanks Die

SAIGON (AP) — Heavy Communist forces launched a series of coordinated attacks in the precarious northern provinces of South Vietnam today, including a rocket assault on the Da Nang air base that destroyed three planes and ground attacks in which at least 19 Americans were reported killed.

As the ground war flamed up after a New Year's truce which U.S. officers termed "the worst yet," Air Force pilots reported shooting two MIGs from the skies above Hanoi. North Vietnam claimed three U.S. jets were downed.

Heavy fighting dotted South Vietnam, but it was in the five northern provinces of the 1st Corps Area that the action was hottest.

Rocket Attacks

These actions were reported: 1. Red gunners fired a number of 122mm rockets into a unit of the U.S. 1st Air Cavalry Division bivouacked in the Que Non Valley 25 miles south of Da Nang, then followed with a ground attack. Initial reports said 11 cavalymen were killed, 70 were wounded and the fight was continuing. There was no report of enemy casualties.

2. Earlier, before dawn, the enemy raked the flight lines at the big Da Nang base with 45 of the big 122mm rockets, destroyed a \$2-million Phantom jet and two light spotter planes, badly damaged two other spotter planes and a twin-engine C47 and did minor damage to 20 other aircraft. Four Americans were wounded in the 10-minute barrage and 19 others were injured as the sleepy airmen tumbled in the darkness and dashed for bunkers.

3. Six coordinated hit-and-run assaults raked South Vietnamese outposts within a 15-mile radius of Da Nang. Casualties among the defenders were reported light.

Unit Overrun

4. A combined U.S. Marine-South Vietnamese civic action platoon near Hoi An was overrun and all but wiped out. Seven of the Marines attached to the platoon were killed along with their Navy hospital corpsman and four more Marines were wounded. From 10 to 20 of the South Vietnamese militiamen unit were killed.

5. Three other Marine-South Vietnamese combined action platoons came under attack, including one less than five miles from Hue, the old imperial capital. Government casualties in the attack near Hue were reported moderate, meaning the government troops were hit hard. It was believed there were some Marine casualties also, but initial reports were sketchy.

Simultaneously with the attack on the air base, Communist units hit two district towns, three outposts and a guarded bridge—all within 15 miles of Da Nang. South Vietnamese spokesman said the purpose of the attacks was "to create as much havoc as possible," but that casualties were light in the six posts.

Police Robbed

WEST LINN, Ore. (AP) — A thief entered the West Linn police station through an unlocked window and took about \$50 from the chief's desk. Chief John Stephens said the window is usually left unlocked because "we don't expect any trouble."

He also plans visits to Portland, Ore., and Seattle, Wash., Feb. 23-24, and possibly to Wisconsin on Jan. 20.

New Hampshire's primary election March 12 is the first in the nation. Romney is the only major announced candidate for the 1968 GOP nomination, although former Vice President Richard M. Nixon is expected to make his campaign official this month.

Before leaving the Indian

Economic Chief Sees Trouble If Tax Isn't Hiked

WASHINGTON (AP) — Arthur M. Okun, the 39-year-old college professor who is President Johnson's choice for chairman of the Council of Economic Advisers, says a host of money problems await Americans if taxes aren't raised.

Okun told newsmen Tuesday the alternatives to Johnson's proposed 10 per cent income tax surcharge are higher interest rates, increased price-wage pressures, a tight money situation for those seeking loans and continued disruption of the balance of payments.

Johnson moved Monday to limit the balance of payments by announcing a five-point program to strengthen the dollar and the U.S. trade position. This drew mixed reaction from the U.S. business community and apparent resignation from businessmen in Western Europe.

Okun, who will succeed Gardner Ackley in the top economic post once Ackley is confirmed by the Senate as ambassador to Italy, said labor and management will have to cooperate fully if stable prices are to be maintained. But he said there's no plan to use wage-price controls.

Okun, a former member of the Yale University faculty, will be the youngest man ever to chair the Council of Economic Advisers. Like Ackley, he subscribes to the New Economics philosophy that the manipulation of tax rates, federal spending and other money policy can sustain economic growth. However, he avoided getting into any specifics of economic policy during his session with newsmen.

Johnson's program for fighting the balance of payments problem isn't attacking the main problem, said Ward Kenner, chairman of the B. F. Goodrich Co.

"The fundamental cause of our deficits . . . is spending abroad by the government at about twice the rate that the private sector can create surpluses," Kenner said. "In plac-

Hanoi And U.S. Narrow Gap On Meet Accord

WASHINGTON (AP) — North Vietnam and the United States apparently have narrowed somewhat their differences over starting peace talks. But U.S. officials see little prospect the talks would be "productive" as required by President Johnson.

This is one of three questions on which the United States is reported seeking clarification from North Vietnam before deciding on its next move in response to a statement made last weekend by North Vietnam's foreign minister, Nguyen Doy Trinh.

So far, Trinh's statement is regarded here as being primarily an effort to build up new, worldwide pressures on President Johnson to stop bombing the North without a reciprocal scaling down of military action by North Vietnam.

Statement Explored

Officials said, however, that the Trinh statement is being fully explored through diplomatic channels to determine whether it was seriously intended to advance the prospects for talks.

State Department press officer Carl E. Burch told a news conference Tuesday: "We frequently said we will explore every possible lead . . . clarification is part of the process."

The key sentence in the Trinh statement which has set off a new round of diplomatic activity said: "After the United States has ended unconditionally the bombing and all other acts of war against the DRV (Democratic Republic of Vietnam or North Vietnam) the DRV will hold talks with the United States on questions concerned."

U. S. Willing

U.S. officials said the definite statement "will hold talks" was on the surface a change in the North Vietnamese position, which previously had been that if the bombing were halted unconditionally and permanently talks "could" be held.

The most recent definitive American statement on ending the bombing and starting talks

Romney, Home Tonight, Off To East Next Week

DETROIT (AP)—Gov. George Romney returns to Michigan tonight after a month-long world tour, but he plans to leave again next week for New Hampshire in his quest for the 1968 Republican presidential nomination.

Romney left New Delhi late Tuesday en route to Paris on his way home.

He is to arrive at Kennedy Airport in New York at 6:30 p.m. and at Detroit Metropolitan Airport at 9:30 p.m.

Romney will deliver his "state of the State" address to Michigan's Legislature, which convenes Jan. 10, before leaving Jan. 11 for New Hampshire.

He will stump for votes in New Hampshire Jan. 12-17, Jan. 25-27, and tentatively again on Feb. 5-7.

He also plans visits to Portland, Ore., and Seattle, Wash., Feb. 23-24, and possibly to Wisconsin on Jan. 20.

New Hampshire's primary election March 12 is the first in the nation. Romney is the only major announced candidate for the 1968 GOP nomination, although former Vice President Richard M. Nixon is expected to make his campaign official this month.

Before leaving the Indian

capital Tuesday, Romney was introduced to Karan Singh, an Indian who is employed by Ford Motor Co. in Detroit, and his

turnout, but which should benefit the people.

Romney has scheduled staff meetings in Michigan from Thursday through next Tuesday.

He plans to spend the night of Jan. 11 in Manchester, N. H. He will begin his campaigning the next day shaking hands at 6:30 a.m. with factory workers at a plant gate in Nashua, N. H.

The governor plans a news conference in Concord before paying his filing fee at the Secretary of State's Office at mid-morning. His first-day itinerary also calls for street campaigning in Manchester, afternoon openings of neighborhood headquarters in Somersworth, Durham and Portsmouth and an evening speech at Exeter Academy in Hampton. He will spend the night in Hampton.

As Romney planned a New Hampshire trip, California Gov. Ronald Reagan made it clear he wants a leading role in choosing the Republican nominee. Reagan, who insists he's not a candidate for the nomination, said he had formed a statewide committee to pick members of the favorite son delegation he will lead to the Republican convention at Miami Beach in August.

Romney said he saw changes in India, particularly in agriculture, which may cause some

Mulvaney Heads Escanaba Kiwanis

William Mulvaney 1000 S. 15th St., a Mead Corp. supervisor, was installed as president of the Escanaba Kiwanis Club Tuesday, along with the other officers and board of directors elected for 1968. Lt. Governor Charles M. York of Division 17, presided over the installation.

York informed the incoming officers of their duties and urged them to practice the Kiwanis theme for 1968: "Be a builder . . . get personally involved".

Among officers installed with Mulvaney were Arol Beck, 1st vice president; Rene Labre, 2nd vice president; Thaxter Shaw, secretary-treasurer. Installed as directors were Rev. Fr. Lawrence Gauthier, Dennis Schneider, Milton Embs, Edward McCarthy, Arnold Williams, Jack Winters and Conrad Finstrom.

William Mulvaney

Don Rheume Taken By Death

Donald Rheume, 60, of 1221 N. 21st St., died at 1 p.m. Tuesday at St. Francis Hospital. Born June 3, 1907, in Harris, Mr. Rheume was a graduate of St. Joseph High School and went to work for the Chicago-Northwestern Railroad in 1929 in the bridge and building department. He retired in 1960.

He was married to the former Clara LaFave Sept. 30, 1932. He was a member of St. Thomas Church and Lodge No. 904 Maintenance of Way.

He is survived by his wife and four sisters, Mrs. Leo Caron and Mrs. Donald Norby of Escanaba, Mrs. Oral Wilson of Arizona and Mrs. Victor Luukkonen of Rock.

Friends may call at the Boyce Funeral Home from 3:30 to 9:30 p.m. Thursday. Parish prayers will be recited at 8 p.m. Thursday. Services will be held at 10 a.m. at St. Thomas Church Friday with burial in Holy Cross Cemetery.

NEW YEAR'S BABY for Delta County is Roxann Louise Kholm, who was born at St. Francis Hospital at 9:01 a. m. on Monday, Jan. 1. She is the seventh child of Mr. and Mrs. Fred L. Kholm of 313 Wisconsin Ave., Gladstone and weighed seven pounds and four ounces at birth. (Daily Press Photo)

Subzero Cold Dips Far South

By The Associated Press
Subzero cold stung a vast stretch of the country from the Rockies to New England today while snow, sleet or freezing rain hobbled motorists from Texas to New York.

The mercury tumbled to 29 below zero at Hibbing, Minn., as the latest in a series of Arctic invasions that began before Christmas settled deep in the midcontinent. Denver registered 4 below before dawn and it was 7 above zero at Kansas City.

The Weather Bureau had indicated Tuesday night that readings of zero or below could be expected in parts of 23 states.

Sleet or freezing rain brought travelers warnings for portions of eight states from Oklahoma and Northern Texas across Arkansas, Tennessee and Kentucky to Maryland and the Virginias.

The storm of ice which hit much of the region Tuesday and continued today closed numerous schools in Arkansas, Kentucky and Tennessee. Scores of traffic accidents were reported, and there were many reports of motorists being stranded on Tennessee's hilly roads.

Light to moderate snow blanketed the region north of the icy-pavement belt and extended northeastward into Pennsylvania and New York.

Rain soaked much of the South from central Texas to Georgia.

In contrast to the bitter cold numbing the plains and Midwest, unseasonably mild, clear weather warmed Florida. Temperatures climbed into the 70s and 80s Tuesday, and Fort Lauderdale registered an early morning low of 72 degrees.

'Pepper' Has Own Home, Family Now

The James M. Carlands of 205 S. 23rd St. have a new member of the family — a stray dog that needed a new home for the new year finds the Carlands just the kind of people he likes.

The Escanaba Daily Press on Saturday ran a picture of the dog, which was being cared for at the Delta Animal Hospital. The black and white male was at the point of being disposed of unless someone came to his rescue.

Cathy, 14, and Sharon, 9, the daughters of Mr. and Mrs. Carland, saw the picture and the following morning (Sunday) the Carlands brought the dog home. The girls named him "Pepper" because "he's so peppy" and the whole family is enjoying having him around the house, said Mrs. Carland.

There was some anxiety at the Carlands Tuesday evening when a Green Bay couple came calling — to see if perhaps

Pepper might not belong to them.

They had lost their dog, they said, and when they saw the picture of Pepper in the Daily Press it looked just like their dog, they told the Carlands. There was one convincing difference: Their dog was a female and Pepper is a male.

"We were relieved when we knew that we are to keep Pepper, but we would have given him up if necessary. Those people had driven all the way here trying to find their dog, and that shows how much they cared," said Mrs. Carland.

Heart Attack Retirement

Fr. Ryan Leaves Regis Presidency

The Very Rev. Louis G. Mattione, S.J., 53, president of Rockhurst High School, Kansas City, Mo., has been named president of Regis College, Denver, Colo., effective March 1.

He will succeed the Very Rev. Richard F. Ryan, S.J., 55, who has resigned because of health reasons. Father Ryan has served as president and rector of Regis since July 1, 1953, the longest consecutive term of any Regis president in the college's 90-year history.

Father Mattione, who served as dean of Regis College for 12 years, 1948-60, will return to Denver in late January.

A native of Kansas City, Father Mattione entered the Society of Jesus in 1932. He was ordained in June, 1945.

Father Ryan suffered a mild heart attack Oct. 16 and continues under doctor's care. He resumed his duties as president Dec. 5 after a period of convalescence. His plans for the future, after leaving his post at Regis March 1, are still indefinite.

During Father Ryan's tenure as president, Regis College has experienced great growth in many areas. Enrollment has increased from a total of 648 students in 1953 to the College's present student body of over 1,000 students. Improvements have been made in academic and curriculum development, in faculty salaries, student financial aid, in long range planning and in the organization and business affairs of the College.

On Oct. 1, 1967, Regis announced plans to change the status of the college from a men's college to a co-educational institution, effective in the fall of 1968.

Visible growth is shown in the addition since 1957 of six major buildings, an investment of over \$6 million. Father Ryan provided the leadership in establishing a successful development program to secure funds for these improvements.

The expanded role of Regis College in community projects under Father Ryan's direction has included annual Regis Week and Regis Civic Conference observances. The Conference has provided the forum for discussion of topics pertinent to the growth of the Denver metropolitan area, including current subject of metropolitan government which was the topic of the 1962 Conference.

Father Ryan, through his personal involvement and service to many civic and educational groups, has further fulfilled the college's commitment to the community," said Rev. Fr. Henry R. Klockner, S.J., dean of the college.

Father Ryan is a son of the late Mr. and Mrs. Matt J. Ryan of Escanaba. His sister, Katherine, is Mrs. Carl Nordberg, formerly of Escanaba and now of Mackinac Island, where her husband has been superintendent of the Mackinac Island State Park. He suffered a stroke in November and a subsequent heart attack and is recovering in Little Traverse Hospital, Petoskey.

Fr. Richard F. Ryan, S.J.

William Anderson Ends 50 Years Service On E&LS

William Anderson, 306 N. 16th St., retired Dec. 31, after 50 years service with the Escanaba & Lake Superior Railroad.

Anderson began service with the E&LS at Rathp, with the Maintenance of Way Department in June of 1917. At the time of his retirement he was employed in the shops at Wells, as a hostler.

The vicuna, a member of the lamoid family of South American camels, thrives at altitudes ranging from 12,000 to 16,000 feet.

Bring Tax Bill, Veterans Senior Citizens Advised

Senior citizens and veterans of Escanaba who are applying for exemptions must bring with them their 1967 county and school tax bill, City Assessor Charles Schmidt said today.

This is essential in providing information necessary to process the applications. Failure to bring the 1967 county and school tax bill will cause delay.

New applicants should also bring with them their Social Security number, proof of property ownership such as deed, land contract or mortgage, and proof of age—such as birth certificate or other.

Senior citizens will receive assistance from now until Jan. 19 between the hours of 9 a. m. and noon and 1 to 4 p. m. at Club 314 at 320 S. 14th St., and at the North Escanaba Fire Station.

Hospital

Mrs. Howard Dufour, 1215 4th Ave., S., is a patient at St. Francis Hospital where she was taken last Saturday night after suffering a broken leg in a fall as she was crossing the street in front of her home.

Trenary Man Cited For Aid To State Police

MUNISING — A State Police meritorious service award is on its way to Steve Webber of Trenary today for the assistance he gave officers in apprehending two burglary suspects last Sept. 2.

Sgt. Richard Abbott, commander of the Munising Post, expressed pleasure that his recommendation for the citation had been approved by the State Police official in East Lansing.

"We expect the help of citizens in reporting crimes and movement of suspected criminals, but Webber did something above and beyond that duty in his pursuit of the suspected burglars," Abbott said.

"He was unarmed and had no knowledge whether the suspects would be armed."

Chases Suspect
Abbott revealed that shortly before 2 a.m. on Sept. 2, Webber's sister, Kathy, heard glass being broken in the Red Owl Store in Trenary. Webber, a construction worker, investigated, saw the two suspects and started chasing them.

One of the men ran into Herb's Bar and Webber, with the help of other patrons, took him into custody. However, the suspect was permitted to go into the restroom alone and escaped through a window.

Later in the morning he was captured by State Police while walking north on U.S. 41. His companion was apprehended while hitchhiking on the same highway.

Officers identified one of the suspects as William Spalding, 19, of Rte. 1, Gladstone. Police said the second suspect was a juvenile, also of Gladstone.

Spalding later admitted he was involved in several other breaking and entering cases in Alger and Menominee Counties. His case is still pending in Menominee County Circuit Court.

Presentation Later
Abbott said plans for presentation of the award to Webber would be made by district officers at Marquette after the citation is received.

(The State Police announcement at East Lansing also revealed that seven citations were being made to officers for meritorious service along with 11 honorable mention awards. Among those named for citations were Troopers Charles Keebler and James Rombo of Sault Ste. Marie. An honorable mention recognition went to Cpl. William Hahn of Calumet.)

Relief for night-backache lets you sleep again

Sometimes backache comes like a thief in the night, "steals" away your sleep, then robs you of energy all the next day. When the cause is over-exertion or everyday stress and strain, that's the time to try Doan's Pills for comforting relief. Doan's pain-relieving action often brings welcome relief.

If this nagging night backache, with restless, sleepless nights, is wearing you out, making you feel miserable and "don't wait, try Doan's Pills. Doan's pain-relieving action on nagging backache—night backache—is often the answer. Get Doan's Pills, but a habit-forming drug but a well-known standard remedy used successfully by millions for over 70 years. See if they don't bring you the same welcome relief. For convenience, always buy Doan's large size.

Firecracker Cost Fire Chief An Eye

PORT HURON (AP) — An ironic tragedy cost Port Huron fire chief Norman G. McFarlane his right eye at a New Year's Eve party.

McFarlane, 49, fire chief since 1961, lost his eye when a firecracker he threw exploded and ricocheted back. He was outside the Black River Boat Club at a private party while off duty.

He is undergoing treatment at a Port Huron hospital.

Germfask

Oral Lawrence Sr. returned to his home here Sunday from Helen Newberry Joy Hospital. He had been a patient for several days. Over the holiday weekend he and Mrs. Lawrence were visited by their children, Oral Lawrence Jr., wife and children of Milwaukee, Wis. and Miss Dorabelle Lawrence and a friend from Marquette.

Mr. and Mrs. Mark Kotela and family of Milan, Mich. spent a few days here visiting their parents, Mr. and Mrs. Cliff Rose and Mr. and Mrs. Charles Snyder, also relatives at Manistique and Newberry.

Mrs. Martha Musselman and son Sam of Manistique spent Christmas day visiting at the home of her son and wife, Mr. and Mrs. Theil Musselman and family. A sister and husband, Mr. and Mrs. Cecil Cornell and family of Newberry also spent Christmas day with them.

Mr. and Mrs. Reuben Swisher of Ann Arbor were guests of his sister and husband, Mr. and Mrs. Hubert Latsch and family over the weekend.

Mr. and Mrs. Raymond Mannlein of Whitmore Lake, Mich. spent the weekend at the home of a brother and wife, Mr. and Mrs. George Swisher.

Pvt. Timothy Tovey of Ft. Leonard Wood, Mo. is spending a holiday leave here with his parents, Mr. and Mrs. Lee Tovey and other relatives.

Miss Vickie Lustila has been a patient at Schoolcraft Memorial Hospital for a few days.

Mr. and Mrs. Polimer Lawrence visited at the home of his sister and husband, Mr. and Mrs. Archie DeSautel at Manistique.

Mr. and Mrs. Howard McEachern of Felch spent the weekend and Christmas day at the home of their daughter and husband, Mr. and Mrs. Robert Bowler and family. They also called on Mr. and Mrs. Emmett Crawn on Sunday.

Mrs. Jessie Conlon and son Bernard and daughter Chris of Escanaba spent the holidays here. Mrs. Conlon attends Bay de Noc Community College at Escanaba. Other students home for the holidays were Robert Smith, Penney and Rick Handrich and Lynn Latsch.

Germfask

Mr. and Mrs. Ling Burns entertained the following at their home on Christmas Day, Mr. and Mrs. Robert Burns and family of St. Charles, Mo., Mr. and Mrs. George Sampson and family of McMillan, Mr. and Mrs. Harland Ackley and family and Mr. and Mrs. James Barker and family.

Winners in the Christmas lighting and decorating contest, sponsored by the Germfask-Seney Lions Club were Mr. and Mrs. Thurman Skarritt, Mr. and Mrs. Leonard Shay and Mr. and Mrs. Leonard Gager.

Mr. and Mrs. Hercules Bowler of McMillan visited at the home of their son and wife Mr. and Mrs. Robert Bowler and family Christmas Day.

Mrs. Robert Swisher of Dexter spent several days here visiting her parents, Mr. and Mrs. Earl McAlpine and other relatives. Her husband Robert arrived for the Christmas weekend.

Delta Increases Giving For Seals

Prospects of achieving a statewide goal of \$1,600,000 for the 1967 Christmas Seal campaign appear more likely as contributions passed the \$1,200,000 mark during the seventh week of the campaign, reports Mrs. Ned Deming, campaign committee chairman for the Michigan Tuberculosis and Respiratory Disease Association.

Although state returns are substantially ahead of last year, late contributions, mailed after Christmas, are needed to help the campaign reach its goal.

Delta County residents have already contributed \$4,316, which is ahead of the \$4,087 contributed at this same time last year.

During 1967 Christmas Seal funds supported many programs and projects helpful to the health of Michigan citizens.

Death Claims Mrs. H. Kress

Mrs. Henrietta Kress, 76, of 1017 S. 7th St. died Monday evening at the Pinecrest Medical Care Facility following a lengthy illness.

She was born Aug. 21, 1891 in Escanaba and had resided here all of her life. She was a member of St. Patrick's Church and the Daughters of Isabella.

She is survived by two nieces, Mrs. Louise Palacz and Mrs. Alda Mae Kirsten, both of the Chicago area.

Friends may call at the Degnan Crawford Funeral Home from 4 to 9:30 p. m. today and the Daughters of Isabella Rosary will be recited at 4 p. m. today.

Funeral services will be conducted at 9 a. m. Thursday at St. Patrick's Church with Msgr. M. Melican officiating. Burial will be in Holy Cross Cemetery.

Market Rises Despite Weakness In Oils, Gold

NEW YORK (AP)—The stock market continued to rise on balance today despite further weakness in airline and gold mining issues.

Gains outnumbered losses by more than 100 issues on the New York Stock Exchange and the Dow Jones Industrial Average was up between three and four points.

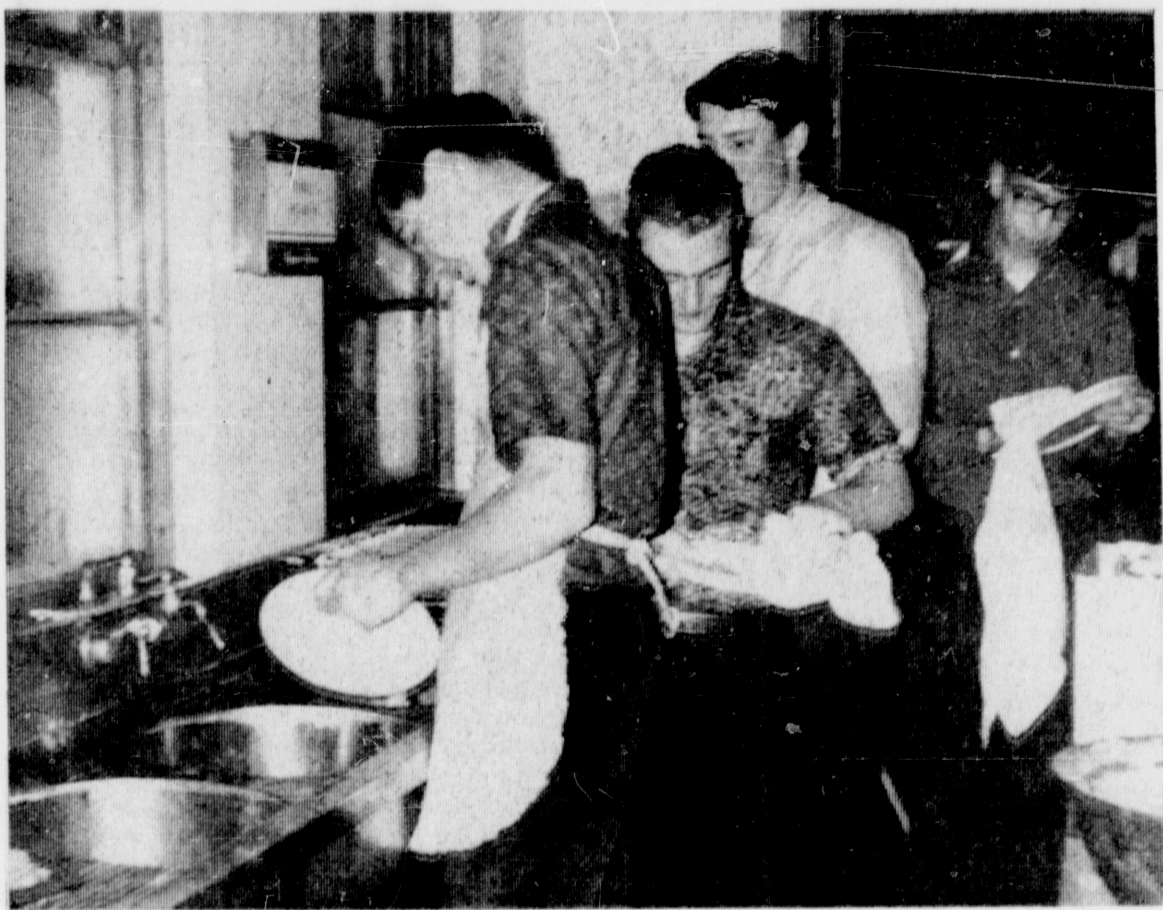

Northwest Airlines plunged 7 points. TWA lost 2 and Pan American World Airways lost a fraction as it paced the list on volume again.

Dome Mines and American-South African slid about 1½ each. Campbell Red Lake dropped nearly a point.

Selling pressure continued on airline stocks and gold mining issues in view of President Johnson's proposals for cutting back travel by Americans to Europe and his determination to preserve the dollar in international exchange.

Carver Day

LANSING (AP)—Acting Gov. William Milliken has proclaimed Friday as George Washington Carver Day in Michigan, in honor of the Negro scientist, and Jan. 22 as Ukrainian Independence Day.

THE SENIOR CLASS of the Rock High School will go to Washington, D. C., next spring, with their expenses paid at least in part by proceeds from a pancake supper served recently to 130 persons. Pictured washing dishes are (from left) Jim Barron, Girard Vermorel, Jim Johnson and Dale Weingartner. Girls did the serving and the boys washed dishes. Other fund raising events are planned by the 34 seniors. (Mrs. Albert Weldum Photo)

Impact Of Cohos To Be Discussed

The Escanaba Chamber of Commerce in cooperation with other Chambers of Commerce in the Upper Peninsula and the Michigan State University Extension Service is sponsoring a meeting to be held at the Fireside Inn at Manistique on Monday, Jan. 8 at 6:30 p. m.

The meeting seeks answers to questions such as:

What impact will coho salmon introduction in the Upper Peninsula mean to our area?

What about launching facilities?

How do we get coho in our streams and harbors and why is one stream planted and not another?

How long will this thing last?

What are the economic considerations?

A panel discussion will be held after the dinner and the Chamber of Commerce is requesting that all people who are interested in the development of this program telephone the Escanaba Chamber of Commerce this week —786-2192. Cost of the dinner is \$3 per person.

C-C Manager Walter Lewke said a delegation of 35 persons or more from Delta County is being sought for the Manistique meeting to promote plantings of cohos in the Bays de Noc and other Delta County waters.

First Baby

FLINT (AP) — Flint has claimed the first baby born in Michigan in 1968.

Mrs. Gerald Philpott, 28, of Flint, gave birth to a 6-pound, 11-ounce daughter at 35 seconds past midnight Monday in St. Joseph's Hospital.

Snow Course Work Begins

GLADSTONE—Although the Gladstone Yacht Club's 2nd Snowmobile Derby is still a month away, race committee members will begin work this week on preparation of a cross country track to lead across Little Bay de Noc.

General chairman for the Feb. 3-4 program is Thomas Oas.

The cross-country track will lead from the Yacht Club through Van Cleve park across the bay to Stonington and then back again to the finish line.

Christmas trees collected by City of Gladstone crews will be used to mark the course on the ice.

A total purse of \$2,500 has been guaranteed for the two-day program, which will also include obstacle course and circular course races for both modified and stock machines. Upwards of 175 drivers are expected to compete.

Snowmobile booster buttons have been placed on sale.

Ford Boosts '68 Car Prices

DETROIT (AP)—Ford Motor Co., Tuesday raised the prices of its 1968 cars between \$23.18 and \$32.40 to cover the cost of shoulder harnesses required by federal law on cars built after Jan. 1.

General Motors and Chrysler previously raised prices to cover the safety item and American Motors made it a mandatory option. All were near the \$25 price range.

Ford said the \$23.18 boost applied to Ford, Falcon, Fairlane, Mustang and Thunderbird. Mercury, Montego and Cougar were upped \$23 and the Lincoln Continental \$32.40.

Players Offer Suspense Drama

Four one-act plays including a classic suspense-thriller will be presented by the Players de Noc at the Escanaba Area High School auditorium the evenings of January 8 and 9. Curtain time is 8 o'clock.

The plays: "The Leader" by Eugene Ionesco will be directed by Peter Adamini, "A Phoenix Too Frequent" by Christopher Fry will be directed by Mrs. Raymond Godmer, Mrs. Luther Barrett will direct Lucille Fletcher's suspenseful drama "Sorry, Wrong Number", and "The Tiger" by Murray Schisgal will be directed by Mrs. William Williams.

Tickets are now on sale at the West End Drug and Gust Asps' with individual performance tickets costing \$1.50 for dramas and \$2.50 for an upcoming musical.

Season tickets are \$5 for adults and \$4 for students and may be obtained by calling ST6-5291. Performances include the dramas plus "Barefoot in the Park" Feb. 19-20, the MSU players in March, and "My Fair Lady" on April 22-27.

"Sorry, Wrong Number," was originally presented on the radio program, "Suspense", and starred Agnes Moorhead. Later it was expanded into a full-length movie in which Barbara Stanwyck was featured in the leading role.

It is presented by the Players as a one-act play of suspense and terror, in which an invalid woman hears, over crossed telephone wires, a murder being plotted. From her bed, she tries frantically, by means of the telephone, to contact the outside world to relay what she has heard. Her terror mounts as she realizes that the murder to be committed is her own, and she cannot convince even one of the telephone connections of the desperation of her situation.

Arlene Hendrickson will play the part of the invalid woman. She has appeared in The Crucible, Music Man, Act IV, and Come Blow Your Horn and before coming to Escanaba was with the St. Joe Players in their production of Sound of Music.

Dr. and Mrs. Richard Rinehart will also take part in "Sorry, Wrong Number." They have had previous experience with the Lansing Community Theatre. Mary Rinehart had the part of Regina in the Players de Noc presentation of "Little Foxes," and Dick Rinehart directed John Brown's Body.

Mary Flynn will make her first appearance on the stage in this play. She has been active with the Players de Noc since it was first started and has frequently been in charge of makeup committee.

Others taking part are Donna Stiglitz, Tim Brostrom, Jim Moore and Gary Tolman.

Mrs. Barrett, the director, has considerable experience in drama. She was a speech major at DePaw University and taught speech and drama at Trotwood, Ohio. Following that, she directed high school plays in Flint as well as being active in the Flint Community Players and directing for the Children's Theatre in Flint.

Jean Bernard Foucault, French physicist, was the inventor of the gyroscope.

'SORRY, WRONG NUMBER' is one of four one-act plays to be presented by the Players de Noc. Principals in the cast are (from left) Mrs. T. Dale Flynn, Mrs. Carl Hendrickson and Mrs. Richard Rinehart. The play is directed by Mrs. Luther Barrett. (Daily Press Photo)

U.S. 2 Promotion Thursday Topic

A conference of legislators and representatives of county boards of supervisors to be held at the Dickinson Hotel, Iron Mountain Thursday at 2 p. m. CST, is the first of its kind for improvement of Highway U. S. 2.

The communities served by U. S. 2 and connecting roadways carry the largest investment in industrial enterprises, business and services in the Upper Peninsula. The highway is also the main artery for travel for more than one-third of U. P. population.

"When the Northern Great Lakes Resources Development Committee set down recommendations to stimulate prog-

ress and travel in the Upper Peninsula they unanimously suggested that U. S. 2 be modernized," said William Asselin of Norway, chairman of the U. S. 2 Improvement Committee. "A review of its condition has since revealed the need."

"Beginning at the Mackinac Bridge, Highway U. S. 2 is inappropriate in condition considering its importance for travel in the Upper Peninsula."

"Since the facts confirm that we are entitled to these improvements we ask that the people who depend upon U. S. 2 for travel help develop a course of action that will get results. This is why we are inviting representatives of coun-

ty boards and legislators to join with us in this effort so that there will be a minimum of delay in bringing about the improvements on U. S. 2."

Robert B. Boatman, director of planning for the Michigan State Highway Department, and staff member, Richard Lilly, will be present to join in the discussions.

ALL CEDAR POST PRODUCERS

After January 5, 1968, The MacGillis & Gibbs Co. will accept only those posts already contracted for. Hours at the Gladstone Yard are from 7 a. m. to 3 p. m. Monday thru Friday.

The School Till

There is disquieting comment for the Upper Peninsula by Dr. J. Alan Thomas, director of the Midwest Administration Center, University of Chicago, in the Michigan School Finance Study, just released.

The report covers 37 pages of type with tables and other learned evidence on how Michigan spends its money for schools. Very few citizens are going to read the report, but we wish some of them would read our digest of it, particularly as it applies to the Upper Peninsula.

One of the current goals of educational planning in Michigan is greater equality of educational opportunity for all the state's youth. There is, says the study (which took 15 months and cost \$200,000) a great variation in the educational opportunities available to the children of Michigan.

Some districts spend \$869 per child and others as little as \$319. Oddly, the high example was in Mastodon Township, Iron County in the Upper Peninsula but as a general rule the Upper Peninsula and all Northern Michigan didn't fare well comparatively in the relation of school spending and school quality.

And there is a relationship between the two, insists Dr. Thomas. The most favorable educational opportunities are available to students who live in districts with a high tax valuation, high expenditure per pupil for schooling, large population and high social class in terms of income, quality of residence and high status occupations.

"There is a direct relationship between educational expenditures and the nature of educational opportunity available to students in Michigan. Three variables which are geographic in nature have been identified: 1. The Detroit Metropolitan Area, the rest of Southern Michigan and the northern part of the state. 2. Enrollment. 3. Special characteristics of big city school systems."

School districts in big cities provide more counseling, have less teacher work load, offer more courses in modern math, home ec, industrial arts, foreign languages. They're offered least in Northern Michigan and the smallest districts. Ditto ability and interest grouping of students and team teaching.

To get around Northern Michigan's problems of fewer resources for education and to provide it with more equality of educational opportunity the study suggests more state aid to schools, in effect bringing the state's greater wealth to the solution of school finance problems where the local district lacks means. This, it suggests, might be done by transferring the allocated millage of the property tax for education from localities to state government. "This might, for example, result in a statewide property tax rate of 12 mills for education, with a corresponding decrease in local property tax rates. These funds would be used to finance a basic educational program for public students throughout Michigan."

There are a number of reasons to be wary of such a plan and certainly industry would be gunshy because it implies another means of jacking up property taxes, but something must be done if there is to be more equality of educational opportunity. The Upper Peninsula has felt too good about sacrifices voted in bonding elections for new school buildings and hasn't concerned itself enough with the quality of the schooling that its children are getting, as compared with that being received elsewhere by children with whom they'll be competing in adult life.

"You're a Little Child . . . So Lead"

Workers To Feel '69 Security Bite

WASHINGTON — (NEA) — The mammoth "social benefit" enterprise called Social Security has grown from slender beginnings in 1937 to a level where, in 1968, it expects to pay out \$25.2 billion to some 23.8 million Americans. Nearly one in eight draw monthly benefits. The outlay will rise, and go to more and more people as the years pass.

In late 1967, Congress enacted into law revisions of the 31-year-old system which will provide for largest total benefit increases to the elderly and others in the system's history.

The total will shoot up a record \$2.9 billion in 1968, and then rise in 1969 to a point \$3.6 billion above where the outgo would have been under the prior law.

The average increase in benefits is in the range of 13 per cent, but a worker around 50 who can expect to contribute many more years of taxes to the system can look ahead to benefit increases up to 21.8 per cent, and a worker 25 to 27 may ultimately get benefits 30 per cent higher.

The new law also modified Social Security's important Medicare offshoot to enlarge and improve hospital insurance protection, and make it easier for those who elect to buy the supplemental (doctor bill) insurance to handle their doctor bills.

The Social Security system has a lot of critics today, as it has always had. The most common are those who argue that it is not a very good insurance program. (Actually it has been from the outset a

survivors and disabled persons represent 7 million of the total of beneficiaries, and many children are included, the program has "youth aspects" often overlooked.

As recently as 1950, only about a fourth of the Americans 65 and over were protected under Social Security. Today 85 per cent are so covered, and other federal programs bring the percentage to 90. Coverage, obviously, is not far short of universal.

One in every four Americans at work will feel any increased Social Security tax bite in 1968 as result of major 1967 revisions in the law.

That does not mean that the many other millions of workers paying into Social Security will be relieved indefinitely from paying a share of the higher cost of benefits due to be lifted an average of 13 per cent for nearly 24 million recipients with their March 2 checks.

The stiffer tax load for everybody else has simply been postponed for a year.

In 1969 more than 80 million working Americans will get hit harder in their pay checks as Social Security tax deductions rise. (The actual work force is not much above 72 million, but enough people are on and off the employment rolls in the short run, like Christmas workers, to account for the higher total.)

The new law raises from \$6,600 to \$7,800 the level of annual earnings from which the Social Security tax is to be taken. But it does not elevate the 4.4 per cent tax rate in 1968. The net of it, then, is that people who earn more than \$6,600 in 1968 will pay more than they did in 1967—but nobody else will.

In 1969 this will happen: The earnings base from which the tax will be drawn will hold at the \$7,800 level—as it will indefinitely thereafter. But the Social Security tax rate will rise from the present 4.4 per cent to 4.8 per cent. From that point on, every working individual will feel the bigger bite.

That will not be the end of it. Five times more between 1971 and 1987, the Social Security tax rate will rise, until it reaches a scheduled peak of 5.9 per cent.

The last four of these upward changes will come as result of slight increases in the charges for the Medicare portion of Social Security—which even in 1987 will still represent only about a sixth of the total

Social Security tax. All through this rising cycle, of course, your employer will be paying in more, too, since he must match your payments into the established benefit trust funds.

Self-employed persons, having no employer to match their own contributions, have always had to pay more as individuals and will continue to do so. Their 1967 tax rate of 6.4 per cent holds through 1968, then escalates to 6.9 per cent in 1969-70 and rises five more times to a 1987 peak of 7.9 per cent.

The most a man at work could be taxed in 1967, with a \$6,600 base, was \$290.40. The worker who makes \$7,800 or more in 1968 will pay \$343.20. Thereafter his Social Security tab will rise to a maximum of \$460.20 in 1987 and after.

For the self-employed, the 1967 figure was \$422.40, the 1968 figure \$499.20, and the 1987 figure \$616.20.

Clearly the millions who on March 2 will start getting fatter checks are not getting bread from the sky. Working taxpayers are going to bear the added load.

Questions And Answers

Q—Who gave the Virgin Islands their name?

A—Christopher Columbus, who discovered them during his second voyage to the West Indies. Instead of giving a name to each of the many tiny islands, he called the group Virgin Islands for the Virgins of Saint Ursula.

Q—Who was the first U. S. president previously to serve as governor of a state?

A—Thomas Jefferson, elected governor of Virginia in 1779 and president of the United States in 1801.

Q—Who was the first absolute monarch to visit the United States?

A—King Prajadhipok of Siam in 1931.

A—The Andean black bear or spectacled bear is the only bear found in South America. It owes its name to the fawn-colored ring that encircles each eye, giving a rather fanciful resemblance to eye-lashes.

Q—Which of the constellations that we can see contains the edge and which the center of our galaxy?

A—The edge nearest us lies in Taurus and the hub is in Sagittarius.

Letters To Ann Landers

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer, and names will be used. The right to condense letters is reserved.

SECURITY
In the closing minutes before the first session of the 90th Congress ended, we passed a bill which is vitally important to our nation's veterans who are also receiving social security benefits. The previous day, Dec. 14, Congress had passed the long overdue Social Security Act of 1967, raising social security benefits by an average of 13 per cent.

The enactment of this measure, long and urgently needed by our senior citizens, would have done our older veterans no good whatsoever. By law, any increase in outside income, including social security payments, automatically brings about a corresponding decrease in veteran's payments. Thus, whatever gains were made with the social security increase would not have helped our veterans one whit.

H. R. 12555 was introduced to change the income limitation provisions so that no reductions in veteran's benefits would result from the increase in social security benefits.

On Dec. 15, in an unheralded move, congress passed, H. R. 12555 by unanimous vote.

Philip E. Ruppe
Congressman

People, Events Of Yesteryears

From the Files of the Escanaba Daily Press

25 Years Ago

"For Me and My Gal," starring Judy Garland, with Gene Kelly and George Murphy, is playing at the Delft Theater. Matinee prices are 31c for adults and 11c for children; evening prices are 41c for adults and 31c for students and 11c for children accompanied by parents.

The Escanaba Salvation Army, headed by Major J. Anderson, supplied 87 baskets of food to needy people during the holidays and distributed a total of 1,182 toys to the less privileged children of the city.

50 Years Ago

The monthly meteorological summary issued by the Weather Bureau shows the past December to have been the coldest since the year 1886, 31 years ago. With a normal mean temperature of 21.6 degrees for the month, the past December averaged 15 degrees above zero. Snowfall during the month was recorded at 11.3 inches. At the close of the month, there were four inches of snow on the ground.

Dear Ann Landers: I am a 16-year-old girl who is normal in every way. There is only one thing in my life that bothers me. I hate my father.

I hate everything about him. I hate the way he feels sorry for himself after a drunk — which is often. I hate his little illnesses — never anything serious, just enough to keep him from going to work. I hate the way he yells at my mother and belittles her in front of people.

I am sick to death of hearing him say, "I'm the one who pays the bills around here. You'll do as I say." Why don't fathers realize that their children don't ask to be born. When parents bring children into the world, they are responsible for them.

I have never kissed my father or told him I love him. I cannot recall that he has ever kissed me or said anything warm or kind to me. My disgust for him is so intense that it mars every happy occasion. I keep thinking that when I marry I don't want him present because I don't want to share the happiness of the occasion with him. I also keep thinking that when he dies I will shed some tears. But they will not be the tears of a child who will miss her father. They will be tears for a man who never knew the sweetness of a growing girl.

Who needs help, my father or me? — CAN'T CALL HIM DADDY
Dear Friend: You both need help, but I will confine my remarks to you.

Hate does a great deal more damage to the vessel in which it is stored than the object on which it is poured. Your bitter feelings are hurting you far more than they are hurting your father. They keep you stirred up and angry. And they make you feel guilty.

I assure you that your father's hatred for himself is greater than your hatred for him. Try to understand how wretched and miserable he is and be compassionate, my dear. If not for his sake — for yours.

Dear Ann Landers: My husband is an executive in a large company and I wish we had half the money people think we have. But that's another letter. What I am writing about is a problem that has been driving me nuts. There MUST be a solution and I am depending on you to come up with it.

Vietnam is no academic question. It is not a topic for cocktail parties, office arguments or debate from the comfort of distant sidelines.—President Johnson.

At least once a week Milton gets called into a special meeting at about 5:15. The meetings are held in the "hospitality room." This is the room with the liquor cabinet. They send out for dinner and sit around for at least three hours. This means my dinner gets fed to the dog.

I've told Milton a dozen times if he would only call and tell me he won't be home for dinner I would not sit around and wait for him and burn up good food. When he walks in at 9:30 instead of 6:00, of course I am mad. Who wouldn't be? Then he accuses me of being a nagger and not understanding his job. What's the solution, Ann Landers? — THE NOODNIK (HIS NAME FOR ME)

Dear Nood: Some husbands don't call to say they are going to be late because they get such a blasting on the phone they figure they'd better wait until they get home and catch it all at once.

Tell Milton that if he calls from now on you promise to be sweet. And when he does call, pour on the honey and molasses, Babe. Thank him profusely and be extra charming when he gets home. Once he learns that you're not going to bite his head off, he'll change his ways.

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts" enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope.

"Quotes"

The courts have said the people are entitled to one man, one vote, but there's nothing that says they're supposed to elect different congressmen.—Rep. John McFall, D-Calif., leader of gerrymandering plan by 38 Democratic and Republican California congressmen to swap parts of districts to insure their continuing re-election.

Vietnam is no academic question. It is not a topic for cocktail parties, office arguments or debate from the comfort of distant sidelines.—President Johnson.

Let's talk about budgets!

Budgeting is tough these days.
It seems that every time you turn around the cost of something is going up.
The economists tell us it's to be expected.
Maybe so, but it sure makes running a home difficult.
We wish we could tell you that A&P has the answer to all your difficulties, but we can't...no store can.
We can tell you this:

There is one guaranteed way to cut your food bill without sacrificing quality; buy A&P's own brands.
Hold it...don't scoff...we're serious.
We don't have our own private national brands just to have low prices.
If it isn't a quality product, it can't carry the A&P Seal.
Take A&P Brand Canned or Frozen Vegetables for example.
They're GRADE "A"...you can't buy better.

If you buy A&P Brands,
we guarantee you'll reduce your total food bill.
We also guarantee you'll be pleased
with every A&P product you buy...unconditionally.

Fire Destroys Baraga Mill

BARAGA — Damage estimated at more than \$30,000 was caused by fire which destroyed the Soli Forest Products sawmill.

Gus Soli Jr., L'Anse, owner of the mill, said the loss was partially covered by insurance. The mill, employing seven men, manufactured hardwood lumber for wholesale marketing. Soli said plans for rebuilding are indefinite. A nearby office, garage and dimension plant were not damaged.

Cause of the fire has not been determined. About 30 men from the L'Anse and Baraga fire departments battled the fire for two hours.

GE Technician Bob Rademacher Is Award Winner

Robert F. Rademacher

Robert F. Rademacher, employed by General Electric in Philadelphia in electronics, "an imaginative individual who constantly looks for a better way to do his job," has made suggestions that have won him \$689 in awards from his employer.

The son of Mr. and Mrs. Paul H. Rademacher of Escanaba Rte. 1, he began his career in industry as an Escanaba Daily Press newspaperboy, graduated from St. Joseph's High School, attended St. Norbert's College, and served in the U. S. Air Force for five years. Four years were spent in electronics work in Germany.

"As an electronic technician with General Electric in Systems Quality Control and Test he developed test connectors for the nose cone program that were efficient and far less costly. He documented his findings, prepared sketches, and won General Electric's suggestion awards."

He is married and he and Mrs. Rademacher and their two daughters live in Drexel Hill, Pa.

19,900 Qualify For School Aid

LANSING (AP) — The State Education Department reports 19,945 of the 30,905 high school seniors who took competitive examinations for state college scholarships have qualified for further consideration and have until Jan. 17 to submit applications containing family income information. About 7,000 students will be eligible for financial aid ranging from \$100 to \$800 a year. Winners will be announced in April.

State Income Tax Return Due Apr. 15

Bernard H. Brawley, head of the Michigan Department of Revenue's Upper Peninsula office in Escanaba, told fellow Escanaba Rotary Club members about the new Michigan state income tax at their luncheon meeting in the House of Lexington on Tuesday noon.

The tax started for individuals at 2.6 per cent of their adjusted gross income on Oct. 1, and became effective for corporations (5.6 per cent of income) and for financial institutions (7 per cent of income) on Jan. 1.

The tax is levied under terms of the Internal Revenue Code which applies to the federal income tax, except as specifically varied by the Michigan income tax law, said Brawley.

Employers must withhold the tax as they do the federal income tax, and Michigan has reciprocity agreements with Wisconsin and Indiana, so that a Michigan resident working in those states will not pay their income tax, but will pay the Michigan tax.

Michigan residents are re-

quired to file a Michigan income tax return if they were single and under 65 on Dec. 31, 1967 and had a gross income for the last quarter of 1967 of \$300 or more; if they were single and 65 or over with income of \$600 or over; if married and both you and your spouse were under 65 and had income of \$600 or over, and married but either you or your spouse were 65 or over with income of \$900 or over; if married and both you and your spouse were 65 or over on Dec. 31, 1967 and had income of \$1,200 or over.

Blind persons get an additional exemption of \$300 for 1967.

No Return

An individual need not file a Michigan State income tax return if his annual tax doesn't exceed the amount withheld by his employer by more than \$5.

This rule creates problems of accountability for the Department of Revenue which may be remedied by the Legislature with a requirement for returns by everyone.

Brawley said that the Department of Revenue is planning offices in the Upper Peninsula at Sault Ste. Marie and Marquette, besides the one now operative in Escanaba.

The state expects the income tax to bring in a net increase in taxes of \$174 millions or more by the end of the fiscal year June 30, 1968 and the end of the business activities tax on Dec. 31, 1967.

In answer to questions Brawley said:

"We advise people to treat pensions as they have been under the federal income tax."

"Earnings made in September, but paid in October, must be taxed."

Every individual subject to the state income tax may claim the same number of personal or dependency exemptions he is allowed on his federal income tax return. The amount of each exemption is \$1,200. So for 1967 the exemption is \$300, because the tax was only applicable in the last quarter of the year.

Brawley said there would be public notice of assistance offered to taxpayers before the April 15 deadline.

Homicides Set Detroit Record

DETROIT (AP) — A record 331 homicides were reported by Detroit police in 1967, surpassing the previous peak of 326 in the hectic prohibition year of 1926. Thirty-six of them occurred during the July riots.

There has been a steady increase of homicides in the last three years, with 138 reported in 1964, 204 in 1965 and 232 in 1966. The 331 total exceeds by 131 the number of traffic fatalities reported by the police accident prevention bureau.

In May the state will start payment of 17 per cent of net income from the tax to local governments, which share in the returns, and will make such payments quarterly, in August, November and February.

Eric Nyberg Taken By Death

Eric E. Nyberg, 91, of 416 S. 12th St. died at 7:45 a.m. today at St. Francis Hospital where he had been a patient for one month.

He was born in Sweden Sept. 7, 1876 and was a retired lumber scaler for the I. Stephenson Lumber Co. Mr. Nyberg was a member of the Central Methodist Church and served on the Central Board and as church steward for over 50 years. His wife Ida preceded him in death on July 15, 1965.

He is survived by one son, James, of Superior, Wis., and two grandchildren.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Friday and the body will be removed to the Central Methodist Church at 10 a.m. Saturday. Complete funeral services will be conducted at 11 a.m. with Rev. Robert Selberg officiating assisted by Rev. Karl J. Hammar. Burial will be in Lakeview Cemetery.

Report Three Autos Stolen Tuesday Night

Two autos were stolen in Escanaba and a third in Gladstone Tuesday night or early today, it is reported by Escanaba city police.

Mrs. John Kirkpatrick of 216 N. 14th St., reported to police that a car owned by her daughter, Olive Liberty, was driven away from where it was parked. It is a 1961 Chevrolet sedan, light green, license UF 7100.

The other stolen car is owned by Jeff Erickson, Old State Road, and was driven away from Marco's restaurant parking lot. It is a 1959 Dodge, black, four door, license UF 8475.

A 1961 Chevrolet, white, license UF 9101, owned by Elroy Backlund of Cornell, was stolen from where it was parked in Gladstone, it is reported by State Police.

Standard Plans Debenture Issue

NEW YORK (AP) — Standard Oil Co. (Indiana) said Tuesday it has filed a registration statement with the Securities and Exchange Commission covering \$200 million in debentures, due 1998.

The company said the debentures will be offered by the underwriters for delivery in late January or early February. The company will use the proceeds for capital expenditures and other corporate purposes, the announcement said.

AT HOME ON 30-day furlough is Sgt. Theodore Russell, the son of Mr. and Mrs. Francis (Bill) Russell of Rapid River Rte. 1. He graduated from Rock High School in 1965, enlisted in the Air Force in 1966, received advanced training for jet mechanics at Wichita Falls Texas, and for the past year and one-half has been stationed at Otis, Mass. He will leave Jan. 19 for Elmendorf AFB, Alaska, for a two-year duty assignment. (Mrs. Albert Weldum Photo)

Hanoi And U.S. Narrow Gap On Meet Accord

(Continued From Page One)

was made by President Johnson in a speech in San Antonio, Tex. on Sept. 29. He said the United States is "willing immediately to stop aerial and naval bombardments of North Vietnam which this will lead promptly to productive discussion."

To this the President added: "We would assume that while discussions proceed, North Vietnam would not take advantage of the bombing cessation or limitation."

The President thus appeared to drop the previous condition that North Vietnam would have to agree to some responsive action such as halting infiltration into South Vietnam if the bombing was to stop. His statement was interpreted by U.S. authorities to mean he was prepared to assume some such action would be taken—and if North Vietnam didn't scale down military operations in a way to demonstrate good will toward the talks, he would then decide what the U.S. would do next.

Seek Clarification
The question on which the U.S. is reported seeking clarification are whether—if the bombing and other actions against North Vietnam were stopped—Hanoi would start talks promptly, whether the "questions concerned" would be substantial questions of peace making, and whether it is significant that Trinh did not also use the word "permanently" in saying that the bombing would have to be stopped "unconditionally."

U.S. officials said the way North Vietnam reacts to the request for clarification will indicate whether Trinh's statement was seriously intended to get discussions under way or a maneuver to try to stimulate a new campaign against the bombing of North Vietnam.

Wells

Holiday Visitors
Holiday visitors at the Gene Harris home were Mr. and Mrs. Jack Harris of Glenwood, Ill. Mr. and Mrs. Ervin Vanderville Jr. of Connecticut who also visited his parents in the Chemical Plant location and Mr. and Mrs. Bob Gray of Muskegon.

Mr. and Mrs. Dick Pilon and children visited a few days with her parents, Mr. and Mrs. Joe Bussineau.

Dave Plumley of Green Bay, Wis. spent some time at the Richard Schmeltzer residence.

Mr. and Mrs. Stanley Paul of Negaunee visited her parents, Mr. and Mrs. Arnold Delvaux recently.

Joe, Ken and George Briere of Milwaukee spent the holidays with the Pat Brieres.

Mr. and Mrs. Bob LaMarche spent the holidays visiting her mother and family, Mrs. Charles Longtine.

Kay O'Connell of Milwaukee visited with her parents, Mr. and Mrs. Ed O'Connell.

Mr. and Mrs. Dwayne Schammel spent a few days with her parents, the Clarence Wrights.

Students home from college for the holidays were Walter Veldman, Tom Schmeltzer, Joe Larson, Sue and Denise Way, from Northern Michigan University. Mary Lynn Larson from Augustana School of Nursing in Chicago. Karen Kell from the Career Academy in Milwaukee and Barb Larson from Nazareth College in Kalamazoo.

Mesh Saves 12

CHAPEL HILL, N.C. (AP) — Wire mesh saved 12 workmen from possible injury when the roof of a building under construction at the University of North Carolina collapsed Tuesday and fell 24 feet to the ground.

Alewife Scourge To Strike Again

Last summer's scourge of alewives, dead, littering the water and beaches of Lake Michigan and other Great Lakes will be back with us next summer, a spokesman for the Fisheries and Wildlife Committee of the Great Lakes Commission warns.

The Fisheries and Wildlife Committee is composed of fishery experts from all the Great Lakes states.

The alewives are present in such numbers that they are, in fact, on die-off, a pollutant, and federal, state and local funds and programs must be provided and undertaken now for clean-up next summer, the Committee noted.

The near future problem—collecting the dead alewives floating in the water and strewn over the beaches—will require floating collecting gear, barriers to exclude alewives from beaches and mechanical collecting and handling equipment on the beaches.

Last year Michigan alone suffered an estimated \$55 million in loss of tourist trade because of the alewife die-off.

House Bill, H. R. 4793, and Senate Bill, S. 2123, on which several hearings have been held throughout the Great Lakes area, are designed to help provide long-range solutions to the alewife problem.

Several Great Lakes states are stocking the Great Lakes with coho salmon and other predator fish to help reduce alewife numbers.

In letters to the Great Lakes congressional delegation and officials of the states bordering on Lake Michigan, the Great Lakes Commission recommended today an emergency \$3.0 million federal-state cooperative alewife clean-up and removal program for Lake Michigan to cover 1968 and 1969.

The recommended program calls for 50 per cent federal matching funds to be made available on an emergency basis or from funds available to the Secretary of the Interior or the Office of Emergency Planning.

Fishing Burglar

SAN FRANCISCO (AP) — Police netted a fishing burglar suspect Tuesday. Police said he used a bamboo pole and a hook made from a windshield wiper to pull several thousand dollars worth of women's apparel through a hole in a store ceiling.

ON LEAVE from the Army Medical Corps is PFC Daniel C. Skopp, grandson of Mrs. John Skopp, 518 S. 13th St. He entered the Army in September, 1966, took basic training at Fort Lewis, Wash., and advanced infantry training at Fort Sam Houston, Texas. In the Medical Corps he is trained in care and treatment of the sick and wounded and combat related subjects. After military service he plans to return to school and study for the medical profession.

Church Events

First Methodist

Wednesday, Jan. 3, 7 p. m.—Senior Choir and Junior MYF meeting, 8 p. m.—Senior High MYF. Thursday, Jan. 4, 6 p. m.—Women's Society supper meeting. Faith Circle members will serve. Mrs. Ray Anderson will tell of her trip to Germany last summer. Mrs. Katherine Williams will lead the devotions.

Bark River Methodist

Thursday, Jan. 4, 7 p. m.—Choir rehearsal; and meeting of confirmation class at church. 8 p. m.—Bible study.

The first American coin was a one-cent piece minted in 1787. It had 13 links representing the 13 original states.

MR. AND MRS. FRANCIS C. BOYCE of 118 S. 12th St., announce the engagement of their daughter, Mary Sue, to James Robert Trotter, son of Mr. and Mrs. Robert Trotter of 1224 N. 22nd St. The bride-elect is a graduate of Holy Name High School and received her B. S. degree in elementary education from Northern Michigan University, Marquette. She was affiliated with Alpha Xi Delta Sorority and accepted in "Who's Who Among Students in American Colleges and Universities," in 1965. She is presently teaching kindergarten in New Holstein, Wis. Her fiancé is a Holy Name High School graduate and received his B. A. degree in Spanish at College of St. Thomas, St. Paul, Minn. He is presently teaching in the Munising Sacred Heart Parochial School. The wedding will take place on June 15. (Lee's Studio)

Americans Struggle With Old Ideas About Sexuality

Attitudes about sexuality are changing rapidly, and tomorrow's physician will have to be much more involved than today's in family planning, says a University of Michigan psychiatrist.

Dr. Stuart M. Finch, professor of psychiatry and chief of U-M's Children's Psychiatric Hospital, sees adults struggling with both old and new attitudes about sex.

"Sex has been looked upon as a necessary evil by a large proportion of our population almost since the beginning of our country's history," he observes. "To think that we can change such attitudes in the space of a few years is ridiculous."

"There is great pressure on many young girls in our society today to be promiscuous," Dr. Finch says. "Those who are mature and whose psychological growth has been adequate will probably resist this group pressure and behave in a socially acceptable fashion. For

those who are immature, such pressures only aid and abet the already present tendency of the adolescent to act out."

Period Of Change

"The world today is in an obvious period of transition, particularly in regard to sexuality. Nowhere is this more true than in our own country."

Dr. Finch said that 40 years ago little if any sex education was provided to youngsters, either in the home, church, or school. "Not infrequently, for instance, they were taught that masturbation was wicked and harmful. Today we are reaching literally millions of youngsters with some type of sex education, and it is relatively rare to hear masturbation condemned."

Nevertheless, the adults who are involved in sex education are products of the earlier generation. "They are still struggling with many of their own emotional roadblocks to a comfortable discussion of sex."

An example of our current paradoxical sex attitudes is that "while we provide sex information to many youngsters both in schools and churches, we still deny it or at least give short shrift to it for many of those youngsters from low-economic levels who might need it most. They, after all, are apt to get less from their parents than our middle-class youngsters."

Family Planning

And the same holds true for general family planning advice to teenagers, says Dr. Finch. "Many of these youngsters of middle-class families can and do receive such advice either from friends, teachers, parents, or in church, while their counterparts in the lower socio-economic group are denied it. Those in the first group go on to college where they receive more information. Those in the second group often do not go beyond high school and are, therefore, denied further education in this area."

The U-M professor says the physician 40 years ago "probably was hesitant about discussing family planning with a prospective bride. But 40 years from now, it will be mandatory ritual."

We seem to be in a phase at this point of increasing sex education and yet not quite willing to accept the whole concept in a broad way, he says.

"We are still struggling with

the idea of whether every couple has the right to have every child they may wish or even not wish, or whether it is really the responsibility of parents to have only those children they can properly support, educate, and love."

Church Role

Several states, Dr. Finch points out, are currently seeking to modernize abortion laws (Michigan is one). The controversy is heated.

"This is really an argument between long standing, deeply rooted religious beliefs and more realistic humanitarian concepts. Religion has an extended history of resisting scientific knowledge and is still exerting its influence. From a psychiatric standpoint, it seems unfair that many theologians hide behind the concept that no one can question or ask religion to prove its point. Scientists are forced to prove their hypotheses. Even when the scientists succeed, they can still lose to the theologian who hides behind his teachings and pushes aside any differences others present to him."

Cultural and social mores do not change easily, nor rapidly, Dr. Finch states.

"Most of us, if we stop and think about it, are aware of the firmness with which we hold to some of our own parents' beliefs and ideas even though we realize they may not be true. If we are closely identified with our parents, we tend to perpetuate their ideas, their beliefs, and their emotional attitudes."

These, says Dr. Finch, are not easily cast off even through the most thorough education. We tend to pass them along to our own children.

Immanuel ILCW Meets Thursday

There will be a general meeting of the Immanuel Lutheran ILCW at 8 p. m. Thursday at the church. The program will include, an introduction to Bible Study, installation of officers and honoring of members.

Members of the executive board will be the hostesses for the meeting.

Perkins

Mr. and Mrs. Alex LaChance, Mr. and Mrs. Lawrence LaChance and Mr. and Mrs. Steven LaChance and daughter Annette attended funeral services for Elmer LaChance in Gwinn on Tuesday.

Holiday Guests

Mr. and Mrs. Joe Decramer and Joe LaChance of Chicago were holiday guests of Mr. and Mrs. Alex LaChance and other relatives and friends here.

Charmaine Gerou and Mrs. Stella Moore of Green Bay visited with Mr. and Mrs. Adeline Gerou over the holidays. Joseph McCormick of New Jersey was also a holiday guest of the Adeline Gerous.

Mr. and Mrs. Joseph Babcock of Sault Ste. Marie, Mich., spent the holidays with Mr. and Mrs. Adeline Gerou.

Mr. and Mrs. Fred Chenard of Kingsford visited at the Jerry Depuydt home over the holidays.

Central WSCS Circle Meetings Are Announced

The regular meeting of the Central Methodist Women's Society of Christian Service will be held Thursday, Jan. 4 at 8 p. m. in the Fellowship Hall, with Mrs. Ray Ness, president, presiding.

A business meeting will be held and a program has also been planned for the evening. Mrs. Ralph Anderson will present a slide program on her recent trip to Brazil. Members of the Ada Circle will be the

hostesses. The public is invited.

January circle meetings have been announced as follows:

Ruth—Jan. 18 at 2 p. m. in the church lounge.
Susanna—Jan. 8 at 7:30 p. m. in the church lounge.
Ada—Jan. 22 at 7:30 p. m. in the church lounge.
Lois—Jan. 18 at 8 p. m. in the church lounge.
Rebecca—Jan. 18 at 8:30 p. m. at the church.
Esther—Jan. 18 at 2 p. m. at the church.
Rachel—Jan. 18 at 9:15 a. m. in the church lounge.

Fiddle-playing was a hobby of President Thomas Jefferson.

Mrs. Al Asplund and Darlene of Cunard visited recently at the home of Mr. and Mrs. Arvid Sundin.

Sugar Workers Fly Home After Florida Rioting

PAHOKEE, Fla. (AP) — Eighty sugar cane choppers were flown back to their island homes in Jamaica today and 52 more were jailed after riot squads intervened in a pay dispute Tuesday at a remote sugar plantation in the Florida Everglades.

Palm Beach County Sheriff William Heidtman said the workers had threatened to destroy their labor camp "if certain demands were not met by pay time."

Fifty-two were held under \$11,500 bail each, charged with inciting to riot and unlawful assembly.

Dan Bradley, a representative of the federally financed Migrant Legal Services Program Inc., an anti-poverty agency, said most of the 360 cane cutters—covered with soot from routine burnoffs of the field—balked at working and claimed they were asked to cut twice as much cane as the pay covered.

Ask More Money

"Want more money, mon! Want more money, mon!" they chanted in their Calypso accent.

The workers, about 9,000 of them imported each year from the British West Indies for one of the dirtiest jobs in American agriculture, are paid according to their production but federal law requires they receive at least \$1.45 per hour. Bradley said many deductions are made from the pay including about \$2 a day for room and board and 15 per cent for mandatory savings.

The cutters burn off the fields between Nov. 1 and about May 1, then move through hundreds of thousands of acres swinging the razor sharp machetes that harvest all of the cane in the South Florida mucklands.

Tuesday's incident occurred at a camp operated by the Glades Sugar Cooperative. Bradley said uneven rows of cane led Jamaicans to charge they were being asked to cut two rows for the price of one. No spokesman for the cooperative was immediately available for comment.

Riot Squads Called

Heidtman said he was notified at 10 a.m. "that the situation was expected to be serious," and assembled forces at a sub-station near the farm, about 30 miles inland from West Palm Beach. At 2:35 p.m. the helmeted riot squads raced into the camp wielding shotguns, carbines and tear gas guns.

"I am declaring this an unlawful assembly," said Chief William Bennett through a bullhorn. "I am declaring this an unlawful assembly. Go into your barracks immediately. Send out your leader and we will talk to him."

After an hour standoff, during which Bradley said he saw one bottle thrown, two representatives of the British West Indies government said those who wanted could take their pay and return to the islands.

Men got their baggage, lined up at the pay window and boarded four buses that left under police escort. Eighty of the men were taken to Miami International Airport and were flown to Jamaica on a plane that left at 12:30 a.m. today, according to a spokesman for the Meranda Co., a firm that transports the workers.

ARMY PVT. Ben J. Yagodzinski, 21, son of Mr. and Mrs. Ben Yagodzinski, 325 S. 23rd St., Escanaba, fired expert with the M-14 rifle, near the completion of basic combat training at Ft. Campbell, Ky. The expert rating is the highest mark a soldier can achieve on his weapons qualification test.

Traffic Deaths Dip In State

EAST LANSING (AP) — State Police report there were 2,091 traffic deaths in Michigan in 1967, 205 or 9 per cent below the high of 2,296 recorded in 1966.

It was the first reduction in fatalities since 1961 when the count of 1,567 dropped from the 1,604 the previous year.

Included in the 1967 count were 184 deaths in December, 21 less than the 205 in the same month the previous year.

The 1967 total represented the fourth consecutive year and the seventh time since record-keeping was started in 1933 that the death toll exceeded the 2,000 mark.

Other high years in addition to 1966 and 1967 were 2,136 in 1965, 2,122 in 1964, 2,016 in 1955, 2,133 in 1941 and 2,175 in 1937.

Delayed death reports are expected to result in some increase in the provisional 1967 death total.

Consumers See '68 Good Year

ANN ARBOR (AP) — American consumers believe that 1968 will be a good year but not a boom year, according to a survey conducted by the University of Michigan's Institute for Social Research.

"Consumer sentiment deteriorated during the last quarter of 1967," the Institute reported, "primarily because consumers believe that inflationary price increases are in the making."

The survey was conducted among 1,350 family units, representative of all families in the continental United States, it said. The surveys, based on personal interviews, are conducted every three months.

"For the most part," the Institute said, "consumers are uncertain but not pessimistic. A substantial proportion of consumers remain optimistic."

"These people are aware of the prevailing good times, think that they will continue, especially in view of the increase in government expenditures, and are impressed by the rising trend of incomes and purchasing power."

It added that the war in Vietnam, although contributing to uncertainty, is viewed by the great majority of consumers as a stimulant to the domestic economy.

Comparing its latest findings with consumer attitudes and expectations of a year ago, the Institute said the outlook for housing construction and for automobiles is somewhat more favorable now.

"The automobile industry had profited over several past years from relatively stable prices," it added. "The November 1967 survey reveals that consumers in general understand why the 1968 car prices have been raised."

"They do not think that the price increases made at the time of the introduction of the new models matter a great deal and say that they are willing to pay extra money for safety features on their cars. In November 1967, expressed intentions to buy cars were higher than a year earlier."

Stock Exchange To Revise Rates

NEW YORK (AP) — For the first time in nine years, the New York Stock Exchange has moved to revise its commission rates on stock sales.

The proposals to the Securities and Exchange Commission include a volume discount on large stock transactions, such as those placed by mutual funds. The amount and nature of such a discount would be determined later.

The stock exchange said the five-part program was explained to the SEC in Washington Monday by the exchange chairman, Gustave L. Levy and its president, Robert W. Haack. The program, announced Tuesday, has been approved by the exchange's board of governors.

In '62, the SEC in a study called on the stock exchange to consider volume discounts, among other things. Two years later, the exchange submitted tentative plans which did not become effective.

The SEC has continued to press for changes.

In the announcement of the proposals, Haack said that "inaction on our part is apt to result in the problem being solved by those outside the industry who may be less familiar with the ramifications and as a result might direct changes less satisfactory than those we initiate."

Other changes proposed included giving brokers who are not stock exchange members a discount in minimum commissions, and limiting membership and broker dealer allowances to bona fide broker dealers.

The exchange also proposed to permit a customer—such as a mutual fund—to order a broker selling shares it holds to pay part of the commission to other brokers. This procedure is called a give-up. The proposal would limit the percentage of the commission that could be paid to outside firms. The practice of give-ups is common but the exchange sets no limit.

'67 Car Output Low Since '62

DETROIT (AP) — U. S. automakers built 7,413,422 new cars in 1967, a decrease of 13.8 per cent below 1966 and the lowest output since 1962.

A two-month strike by the United Auto Workers at Ford Motor Co. cost the firm half a million cars, the trade publication Automotive News reported.

The 1966 production was 8,604,726. Calendar 1967 production was the lowest since the 6,943,470 cars built in 1962.

Ford and American Motors fell short of 1966 output while General Motors Corp. and Chrysler Corp., which has yet to announce its final production breakdown, both gained over 1966.

GM led 1967 production with 4,118,235 or 55 per cent of the total, followed by Ford with 1,597,346 or 23 per cent; Chrysler with 1,363,206 or 18 per cent and AMC with 228,637 or three per cent.

Ford dropped five per cent under its 1966 output while American Motors was off 0.15 per cent. GM gained nearly four per cent and Chrysler was up about 1.6 per cent over 1966.

The Christmas holiday restricted the final week of 1967 output to 154,653 cars compared with 189,716 in the preceding week and 115,478 in the corresponding week of 1966.

The December aggregate was 791,765—highest of any month last year. Ford worked Saturday operations at 10 plants while AMC suspended production for one week in order to rearrange bodymaking operations at Kenosha, Wis., and Milwaukee.

Lansing Mayor Asks Income Tax

LANSING (AP) — Mayor Max Murnighan Tuesday renewed his appeal for enactment of a uniform city income tax, defeated last year by the City Council.

In his annual "State of the City" message, Murnighan urged the city council to give top priority to the tax question in 1968.

"Adoption of the uniform city income tax represents Lansing's only opportunity for true tax reform," he said. "It represents the long-term, far-sighted and equitable solution to the ever-present problem of municipal finance."

"I strongly recommend that the City Council place the matter of tax reform at the top of their legislative priority list for fiscal 1968."

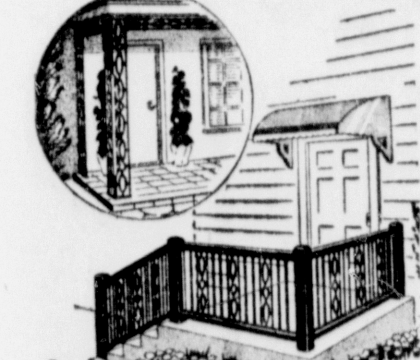

Firemen Complain

LOS ANGELES (AP) — Firemen complained that several persons were disposing of Christmas trees by stacking them in the street, setting them afire and ringing the alarm box. Firemen said they apparently were being called to clear the burned debris.

Length Matters

WILLIAMSPORT, Pa. (AP) — How short is too short? Referring to skirts. And how long is too long? Meaning boys' hair.

School principals in Williamsport examined the problems and agreed that questions involving the long and short should be handled with the pupil by a guidance counselor. And if that doesn't work—call in the parents, they say.

OLD-TIME GRILLE-WORK may be cut out of stock sizes of lumber to give decorative effects now so popular. Pattern 396, which gives actual-size designs that may be used in a wide variety of ways, is 35c. The door canopy shown is made with Pattern 345 which also is 35c. This canopy pattern is in Packet 29 with three other Home Improvement Patterns all for \$1.

With RAY CRANDALL

Dave Manders, former Kingsford High School and Michigan State griddle, was with the Dallas Cowboys for the National Football League showdown in Green Bay Sunday — but as a spectator only . . . Manders suffered a severe knee injury in a pre-season game and was placed on the Dallas injured reserve list . . . Although the knee is completely healed, Manders is still working on getting the mobility back into it.

The Escanaba Hawks hockey team, off to an impressive start with a 6-5 decision over the tough Marquette prison crew, has another bout slated with the inmates Saturday, Jan. 27 . . . The Hawks hope to book their first home engagement of the season soon against an Ishpeming team.

The Marinette Marine basketball team continues to mow down foes this season . . . Coach Bruce Elands' cagers notched a double victory last weekend, topping Green Bay Southwest by a 63-59 margin and clipping Green Bay East, 75-66 . . . That extended Marinette's victory string to eight games . . . The Marines will play Escanaba here Saturday, Jan. 20.

Bob Kuntze, Carney High School basketball coach who will soon join the exclusive Upper Peninsula "100 victory club" has never had a losing season at the Big Six Conference school . . . Kuntze, a native of Dargett, was a member of Stephenson's 1956 state Class B championship team and was a track athlete at Northern where he graduated in 1960 . . . He's been coaching at Carney ever since and his teams have compiled a record of 99 victories against 47 defeats . . . The Wolves return to action after the holiday layoff with a conference contest at Felch Jan. 12.

Leading career scorer among current Upper Peninsula prep basketball players is Pat Miller, 6 foot 3 inch senior at Menominee . . . Miller entered the current campaign with 1,068 points and has added 135 in six straight Maroon victories this season for 1,203 . . . No other Menominee player in history ever scored that many points.

A new Midwestern College Ski conference has been formed with Lake Superior State, Mackinac, Northwestern Michigan and Traverse City as charter members . . . Expected to join the new loop are Northern and Michigan Tech.

Iron Mountain edged Kingsford, 78-72, in the second annual alumni basketball game played during the holidays . . . Jack Richtig led five former Mountaineers in double figures with 15 points . . . Rich Freeman tallied 20, Paul Santoni and Rich McCarthy 15 each for the ex-Flivver stars . . . Proceeds of the game are turned over to the athletic departments of the two schools.

Pistons Snap Loss String

NEW YORK (AP) — The Detroit Pistons, surviving another rocky road trip, managed to hang on for a 114-113 victory over the Baltimore Bullets Tuesday night.

The victory snapped a two-game losing streak and moved Detroit to within 5½ games of the second place Boston Celtics, who dropped a 95-84 decision to the Chicago Bulls in the Eastern Division race.

In other National Basketball Association action, Cincinnati whipped New York 125-119 and Los Angeles lost to San Francisco 119-118.

Detroit blew a nine-point lead going into the third quarter and managed to win only when Eddie Miles sank a foul shot with nine seconds to play.

The Pistons led by 17 points at the end of the first quarter and carried the nine-point lead into the final quarter when Baltimore's Gus Johnson sparked a rally which tied the score at 103

late in the game. Jack Marin of the Bullets scored two clutch baskets, tying the score at 111 and 113, but then missed a pair of free throws with 32 seconds to play.

The Pistons brought the ball downcourt and Miles was fouled. In a three-to-make-two situation, Miles missed the first two before sinking the game-winning shot.

The Bullets still had a chance to pull it out, but Tom VanArsdale picked off a loose ball and stalled out the clock.

Johnson led all scorers with 33 points and Dave Bing scored 31 for Detroit, 22 in the first half. Miles added 20 points.

The Pistons next meet the Cincinnati Royals in Detroit Friday.

Bob Boozer and Flynn Robinson sparked the Bulls to their first victory over Boston this year. The victory was the third straight for Chicago. Boozer led Chicago with 21 points and Robinson added 20. Sam Jones was high for the Celtics with 19.

Oscar Robertson broke open a tie game with six straight fourth quarter points and Jerry Lucas followed with another six in leading the Royals to victory over New York.

Robertson topped all scorers with 34 points and Lucas added 29. Dick Barnett topped the Knicks with 30 points.

A brilliant pass by Jeff Mullins to the streaking Al Attles who made a lay-up shot with 10 seconds left gave the Warriors their victory over Los Angeles. The Lakers had last chance to win, but Jerry West's last-second shot was pressured by Mullins and missed.

Frazier Vs. Mathis

Unbeaten Fighters Meet In Heavyweight Feature

NEW YORK (AP) — Undeclared Joe Frazier and Buster Mathis will fight for New York recognition as world heavyweight champion and Emile Griffith will defend his world middleweight crown against Italy's Nino Benvenuti in a March doubleheader in the new Madison Square Garden Center, it was learned Tuesday night.

The date would be in the first week of March. The news leaked after the Garden sent telegrams to newsmen to attend a 2:30 p.m. press conference Wednesday for "an announcement of extreme importance."

Ringside seats in the 20,000-seat arena would be scaled for a top of at least \$100. The two 15-round fights also will be telecast nationally, most likely by closed circuit to arenas and theaters. Frazier, 23, ranked first by Ring Magazine, has a 19-0 record, including 17 knockouts. Mathis, 23, unranked, has a 23-0 record including 17 knockouts. Frazier is ranked seventh by the World Boxing Association. The WBA dropped Frazier from a No. 2 rating after he declined to participate in an elimination tournament to determine a successor to Cassius Clay-Muhammad Ali. Clay was stripped of titular recognition by both the WBA and New York Athletic Commission when he refused to enter military service.

Eskymos Post Upset Over Iron Mountain In Conference Test

By RAY CRANDALL
(Press Sports Editor)

The Escanaba Eskymos turned in a near-flawless performance here Tuesday night to upset the highly regarded Iron Mountain Mountaineers, 80-58, in a Great Northern Conference cage contest.

Coach Bill Howes had his Esky cagers operating like puppets on a string against the tall, veteran Iron Mountain quint.

The Eskymos moved the ball with machine like precision on offense, setting up a deadly stream of short jumpers, and clamped an effective press on their opponents on defense.

Mylander Leads Esky Dan Mylander, 5 foot 11 inch floor leader, engineered the Eskymo effort that paid off from the opening jump. He led his team in scoring, set up his mates with deceptive passes

and harassed the Mountaineers mercilessly on defense.

Escanaba broke for a 6-2 lead in the early minutes of action, held a 12-8 edge at the end of the first quarter and didn't allow the Mountaineers to catch up in the entire contest.

After building a 55-43 lead through the first three quarters the Eskymos raced far out of reach early in the final frame and Howes sent his subs into action to finish out the game.

Mylander pegged home nine fielders and a free throw for 19 points while John Moberg tallied 14 and Jack Johnson 13. Six other Eskymos contributed to the point total which was the top single game output by the team this season. Butch LaBay, Gregg Johnson and Jim Olsen scored eight points apiece for a balanced supporting performance.

Moberg gave the taller Mountaineers a battle on the boards, drawing down 11 rebounds. John Webb, 6-4, and Brian Ouimette, 6-3, teamed up for 23 Iron Mountain rebounds.

After a cool first period in which they connected only six of 22 shots from the field, the Eskymos warmed to their task and finished with 33 of 68, a shade under 50 per cent. From the free throw line they converted 14 of 23 opportunities from 16 Iron Mountain personal.

Fouls Prove Costly Personal fouls put the Mountaineers in trouble when Ouimette, one of the Peninsula's outstanding players, drew three fouls in the first half. Those were the only fouls whistled on Iron Mountain in the first two periods. Ouimette then drew his fourth foul with 6:45 to go in the third quarter and played under wraps the remainder of the game. He scored 28 points to lead both teams.

Injury and illness also hurt the Mountaineers who entered the game with a 2-2 record. Starters Rudy Steiner, 6-0 senior, and Mike Moreau, 5-8 junior, were sidelined. Steiner has the flu and Moreau is re-

Aussie Netters Will Turn Pro

NEW ORLEANS (AP) — John Newcombe of Australia, who became the world's top ranked tennis player as an amateur, has signed a professional contract which the promoter estimates might bring him \$200,000 this year.

David F. Dixon of New Orleans, president of World Championship Tennis Inc., said Newcombe, 23, and his Davis Cup teammate Tony Roche, 22, fourth ranked in the world, will compete with six others for more than \$1 million in prize money.

The pro tour, opening in Kansas City Feb. 1, will last about 40 weeks, with 80 three-day tournaments.

Cougars Trim Michigan; Eye Coming Bruin Clash

By The Associated Press Houston's sky-high Cougars have cleared another plateau on the way to their Astrodome summit clash with mighty UCLA.

The second-ranked Cougars, who meet Lew Alcindor and No. 1 UCLA in a Jan. 20 rematch of their 73-58 loss to the Bruins in last year's NCAA semi-finals, mauled Michigan 91-65 Tuesday night for a 14-0 season mark.

The Cougars, who captured the Rainbow Classic title in Honolulu last weekend, have reeled off 47 straight victories on their home court. They play Centenary and West Texas State at home before taking on the Bruins, 8-0, in a game expected to draw 50,000 fans to the Astrodome.

Fourth-ranked Vanderbilt, only other club in The Associated Press Top Ten to play Tuesday night, came from behind in the second half and trimmed Southeastern Conference rival Alabama 67-61 for its 10th victory in 11 starts.

In other major games, LaSalle tripped Miami, Fla., 92-84 behind reserve Dave Ervin; Yale shaded Georgia Tech 79-78 on Ed Goldstone's jump shot with two seconds remaining;

covering from a sprained ankle. The Esky junior varsity team handled the Mountaineer jayvees, 81-40, in the preliminary game.

The Eskymos, now 4-2 for the season, will be back in action Friday night at Sault Ste. Marie.

DAN MYLANDER, classy Escanaba junior athlete, gets off a short jumper for two points against Iron Mountain here Tuesday night. Mylander hit nine field goals and a free throw for 19 points to lead the Eskymos to an easy 80-58 Great Northern victory. In the lower photo, Jack Johnson, a 6 foot junior forward, drives in for a solo layup at the front of a fast break for the Eskymos. (Daily Press Photos)

Seniors Report At Mobile For Grid Workouts

MOBILE, Ala. (AP) — A full complement of players were to report for double sessions today — morning and afternoon — in more foggy and rainy weather as the North and South squads began work for the 19th annual Senior Bowl tilt.

An announcement was expected by South Coach Hank Stram of the Kansas City Chiefs on whether Fullback Ronnie Jenkins would remain in the lineup after suffering a knee injury in Tuesday's practice.

Jenkins, a 225-pounder from Georgia, was a likely starter for

Holovak said his team was "enthusiastic" and that he needed a little more time to get the patterns worked out. He said his kicking strategy would be worked on more intensively Thursday.

Both teams concentrated on running and passing patterns on the first day of practice with the North limbering in sweat clothes and the South doing contact work in light pads on waterlogged fields.

Holovak and Stram said they would announce their starting lineups after drilling twice daily until Thursday.

DOMRES NAMED Tom Domres, captain and most valuable player on the University of Wisconsin team last fall, has been named to play for the North squad. The 6 foot 3 inch, 236 pound former Gladstone High School athlete, played a defensive tackle position for the East team that defeated the West, 16-14, in the Shrine game Saturday in San Francisco.

Junior Hockey Program Opens

Registration for the Escanaba Junior hockey program will begin this evening at 6:30 at the water tower rink, it was announced today by director George Petaja.

All boys in the Escanaba area from 9 through 18 years of age are eligible to participate in the program. Everyone who registers will be assigned to a team in his own age group. For city league play four classifications will be used: Squirt, 9 and 10 years old; PeeWee, 11 and 12; Bantam, 13 and 14, and Juvenile, 15 through 18.

Escanaba has four teams registered with the Michigan Amateur Hockey Association in the PeeWee, Bantam, Midget and Intermediate classifications. Playing rosters must be in Detroit by Jan. 15 so boys are asked to register as soon as possible if they were on M. A. H. A. teams last year.

The week's schedule: **Squirt and PeeWee:** Registration Friday at 6:30, conditioning and fundamentals Saturday at 9 a. m. and 3:45 p. m.

Bantam: Registration today at 6:30, conditioning and fundamentals Friday at 8 p. m. general practice Saturday at 10:30 a. m. and 2:30 p. m.

Juvenile: Registration today at 8, general practice Saturday at 1 p. m.

Report Rozelle Favors Warm Site Title Clash

DALLAS, Tex. (AP) — The Dallas Times Herald quoted Commissioner Pete Rozelle Wednesday as saying he was for playing the National Football League title game on a warm climate, neutral field.

Pro football writer Steve Perkins said Rozelle told him "I'm for it. I'll work to get it moved. Under the conditions it was played last Sunday, the game is unfair to both teams."

Rozelle referred to the sub-zero conditions and the frozen field faced by the Green Bay Packers and the Dallas Cowboys in the Packers' tingling 21-17 victory last Sunday.

Art Modell, NFL president and owner of the Cleveland Browns said the field site "will be discussed in no uncertain terms at our February meeting. I personally believe it should be moved to a neutral warm weather spot. It was zero today in Cleveland. I wouldn't like to have the game at Cleveland at five degrees or five below."

Modell told Perkins he would propose a "two-year test" for the 1968 and 1969 title games at one of the four NFL warm-weather sites.

Rozelle said he had been "in favor of" the warm-weather concept "for several years" but that too many of the owners in the league were against it. Under present league rules, it would take 13 affirmative votes to change the home-and-home arrangement which alternates yearly between the Eastern and Western Conference winners.

Dallas Cowboy president Tex Schramm said, "When I saw the four bowl games yesterday, which were truly beautiful and great tests of the relative strengths of the teams involved, it was sickening to me that the greatest game of all couldn't have been played under the same circumstances. The resulting comparison was not in keeping with the NFL."

"We've Lost Our Fire"

Indiana Cagers Bow To Detroit Quintet

DETROIT (AP) — Coach Lou Watson has to think up a gimmick to get his Indiana Hoosiers back on the beam before opening the Big Ten schedule at Minnesota Saturday.

"We've lost our fire, we're stale," said Watson after his Hoosiers were outgunned 99-93 by Detroit Tuesday night.

The loss was Indiana's third straight after six consecutive victories. The Hoosiers plummeted from The Associated Press rankings this week after dropping back-to-back decisions to Western Kentucky and South-

ern Methodist in the Dallas Christmas tournament.

"We outshot SMU by nine field goals and Detroit by three and lost both games," noted Watson.

Detroit hit 29 of 42 foul shots to 15 of 23 for Indiana, but had the lead halfway through the first half and never trailed thereafter.

"It was our best game this year," said Detroit Coach Bob Calihan, whose team has won five straight and eight of 10 this year, all at home. "It was our best passing game. We kept

hitting the open man."

The Titans ripped off a string of nine straight points halfway through the first half to take a commanding 29-21 lead. The Hoosiers cut this to 46-42 at the half, but never got closer than six points after that.

Detroit, with Bruce Rodwan hitting a season high of 36 points, led by as many as 16 points, Indiana switched from a zone to a full-court press in the final 10 minutes, cutting the lead to six points several times. But the press took its toll in fouls, and the Hoosiers never caught up.

Sophomore Joe Cooke, who sparked the late Indiana rally with several steals, topped the Hoosiers with 20 points. Bill DeHeer added 15, but had only one field goal in the second half.

Butch Joyner, who averaged 18 points a game last year when Indiana shared the Big Ten crown with Michigan State, played his first game in almost a month, scoring 14 points. He started and played in spurts, taking frequent breathers on the bench. But he did not seem to be bothered by the leg injury he suffered earlier in the season.

Detroit outrebounded Indiana 56 to 49, with Rodwan Tom Richardson each hauling in 19.

Ohio State came through with the best record against nonconference teams. The Buckeyes, who base their hopes on Bill Hosket, forged a 6-2 mark.

Indiana and Wisconsin, both prime contenders, turned in 6-3 records followed by 5-4 marks by Northwestern, Purdue and Iowa—all of whom figure to be in title contention.

Michigan State broke even with a 4-4 mark and Michigan and Illinois were 4-5 while Minnesota turned in the weakest performance with a 3-7 record.

The conference race opens Saturday with Michigan at Wisconsin in a regionally televised matinee. The only other afternoon affair is Michigan State at Illinois. Saturday night games find Iowa at Northwestern, Minnesota at Indiana and Purdue at Ohio State.

In most cases the home team will be favored in the opening round.

Phil Odle of Brigham Young led the major college players in pass receiving last season with 77 catches. He scored nine TDs.

SMU, beaten 23-3 by Minnesota this fall, will visit the Big Ten last year to play Ohio State. In 1969 the Mustangs visit Michigan State.

TV Will Pay \$20 Million In New Pact

NEW YORK (AP) — A two-year, \$20 million college football television package which includes Saturday night games has been announced by the American Broadcasting Company.

The agreement between the network and the National Collegiate Athletic Association for the 1968 and 1969 campaigns was announced Tuesday. Eighteen games will be telecast in each of the next two seasons, an increase of two from the past season.

The network will televise for the first time two Saturday night games in each year. In addition, it will be able to select in each season one game with only five days notice.

Pipers Nearly Catch Leading Muskie Quint

By The Associated Press

The Pittsburgh Pipers, who have been chasing the Minnesota Muskies for a long time, finally caught them. Almost.

Pittsburgh's 14th straight victory Tuesday night, a 105-97 beating of Kentucky carried the determined Pipers to a virtual tie for first place in the Eastern Division of the American Basketball Association, 10 percent points behind Minnesota, which lost to Dallas 112-109.

In other ABA action, New Orleans edged New Jersey 97-96, Denver beat Indiana 98-80, and Oakland turned back Anaheim 141-121.

Charlie Williams scored 28 points and Connie Hawkins added 22 for Pittsburgh, which won on a second-half surge. Lou Dampier had 26 and Darel Carrier threw in 22 for the Colonels.

Dallas also won on a second-half rally, fighting back from an 11-point deficit. John Beasley of

Card Of Thanks

Neadow

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our Father and husband, Eugene Neadow. We are grateful to Rev. James Heben, Messier-Brouillette Funeral Home, to those who gave gifts of food, flowers, and cards, to the doctors and hospital staff of Schoolcraft Memorial Hospital, pallbearers, and to all others who assisted us during this time.

The Family Of Eugene Neadow

Service Calls Scoring Star

MINNEAPOLIS, Minn. (AP) — A National Guard commitment has knocked Bob Verga out of the American Basketball Association scoring derby. Oakland's Levern Tart won't miss him, but the Dallas Chaparrals will.

Verga, the Chaparrals' slick backcourt man, is runner-up to Tart in the individual scoring race with a 24.5 points-per-game mark, according to the latest ABA figures released today. The Duke alumnus will begin a six-month tour of National Guard duty this week.

Tart has poured in 928 points in 34 games — an average of 27.3 per contest. Pittsburgh's Connie Hawkins and New Orleans' Doug Moe are next with 23.3 and 23.2 averages, respectively.

Mel Daniels of Minnesota paces the rebounders with a mark of 16.6 per-game and Larry Brown of New Orleans leads the playmakers with 257 assists. The leader in three-point plays is Anaheim's Les Selvaige with 72 — four more than Pittsburgh's Chico Vaughn.

Eaton Is Among 49er Prospects

SAN FRANCISCO (AP) — Lou Spadia, president of the San Francisco 49ers, turned toward the college coaching ranks Tuesday in quest of a new head coach for the National Football League club.

Jack Christiansen was fired as head coach last month after the 49ers finished the season with a 7-7 won-lost record.

The San Francisco Chronicle said Spadia will talk to three college coaches—Tennessee's Doug Dickey, Florida State's Bill Peterson and Wyoming's Lloyd Eaton.

No binding offer has been made to anybody at this stage, according to Chronicle pro football writer Darrell Wilson. And none of the three definitely has said he would take the job if offered.

Dickey is the most familiar name nationally. Peterson, who has spent time at the Dallas Cowboys camp and teaches a pro-style offense, is pro-oriented. Eaton, who racked up a 16-game winning streak before a loss to LSU in the Sugar Bowl, has had tremendous success at Wyoming.

ITT Growth Sets Record

NEW YORK (AP) — International Telephone & Telegraph Corp.'s revenues reached a record \$2.3 billion in 1967, Harold S. Geneen, chairman and president, reported Tuesday.

He said net income in excess of \$100 million also was a new high.

"It looks to continued growth in 1968," Geneen said in a new year statement. "And the key to this growth lies in the proven ability of a goal-disciplined management to produce greater efficiency—both in manpower and resources."

Big Ten Teams To Begin Cage Race Saturday

CHICAGO (AP) — The Big Ten basketball race begins Saturday and all ten teams should have a sigh of relief since they'll be facing each other.

Preconference engagements across the county proved discouraging although Big Ten teams came off with a 48-4 edge against outside opponents.

Much of the lead was compiled in the early going during December. Then came the holiday tournaments which saw conference teams take a beating and Indiana and Michigan both

Don Meredith May Quit Grid

NEW YORK (AP) — Don Meredith, Dallas' gifted quarterback, says he hasn't decided to quit pro football but will spend the next two months pondering whether or not to return to the Cowboys next season.

Meredith, still "emotionally spent" after last Sunday's 21-17 loss to Green Bay in the National Football League title game, denied Tuesday a report that he had made up his mind to retire.

"Maybe I'll play and maybe I won't," the 29-year-old Texan said. "I just don't know. But I definitely haven't decided."

The Dallas Times Herald, in a copyrighted story written by Steve Perkins, reported that Meredith told teammates and friends of his decision to quit during the plane trip home from Green Bay Sunday night. The Southern Methodist University grad has just completed the final year of a three-year contract estimated at \$40,000 per season.

"If I decide to quit, I won't do it this way," Meredith said in New York, where he appeared on television Monday night. "I'll call everyone in and announce it."

Meredith and his wife will spend the next few days in the Catskill Mountains, about 100 miles from New York City, where he'll do television commercials for a clothing manufacturer.
